EXAMINER'S REPLY.

The amount that will probably be credited on
 account of rails to be returned into stores should be
 estimated and deducted from the total of the
 estimate, as otherwise the estimate makes provision
 for a larger outlay than it is anticipated will actually
 be incurred.

The estimate is otherwise correct as to allocation & requires
 the sanction of the Local Govt.
 Funds are available from the grant for unannounced work
 Schedule B of the Budget for 1896-97, and the work should,
 if sanctioned, be transferred to Schedule A in the final
 issue of the Budget.
