To The Consulting Engineer for Railways,

From Engineer-in-Chief,
BANGALORE.

Sir,

I have the honour to state with reference to my telegram of to day that Mr. Farwell reports much sickness in his camp. He has himself been ill with fever and Canera Sores, and he states that there have been some cases of cholera in Uppin Angady.

The present Hospital Assistant is attached to No. 2 Division, and the Camps are now too far separated for him to work them both, and it is risky allowing him to be absent. The man I have now applied for should join at once with a proper medicine chest and a supply of
