G. B. LAMBERT,
Executive Engineer.

(Signed)

11th September 1896.

No. 187-I.

Submitted to the Chief Engineer for Irrigation for favour of sanction.

(Signed) J. HANNAN,
Suptg. Engineer, IV Circle.

18th September 1896.

From W. HUGHES, Esq., Superintending Engineer, VI Circle, to the Chief Engineer for Irrigation, dated Trichinopoly, 18th September 1896, No. 1081 T.N.

With reference to your memo. No. VI./59 T.N., dated 10th instant, I regret I cannot recommend any transfers to meet the cost of the diversion of the Tambraparni right bank in the 10th mile below Srivaikuntam, nor can I accept the responsibility of leaving the breach open.

I should be obliged by your letting me have definite orders whether to close or leave the river bank breaches in the Tinnevely and Trichinopoly districts, and in connection with this I beg to submit that, as the breaches occurred in these two districts before those in the Kistna and Gódavari, this circle had and has a prior claim to a share of such funds as are available or can be obtained already, works have been postponed as much as possible without injury to the revenue or upsetting contracts in order to provide funds for closing breaches in Tinnevely, and funds still required cannot be provided except by a wholesale stoppage of Tank Restoration works.

Memo. No. VI./64 T.N.

With reference to letter, No. 1081 T.N., dated 18th instant, from the Superintending Engineer, VI Circle, the undersigned has the honour to inform him that an additional grant of Rs. 15,000,* has been sanctioned for the VI Circle to meet urgent demands under "43. Minor works and Navigation—Provincial." The order

will be shortly issued and works may therefore be proceeded with. The grants for the circle under this head will be further augmented, should funds be made available by surrenders from other circles later on in the year.

(Signed) F. J. WILSON,
Asst. Chief Engineer for Irrigation.

21st September 1896.

No. 169 I.

Submitted to Government. The net surrender from the IV Circle may be transferred to meet the urgent outlay required to be incurred on the diversion of the Tambraparni right flood bank in the 10th mile below Srivaikuntam anicut.

2. The transfer of Rs. 4,000 under "Minor Works for which neither Capital nor Revenue Accounts are kept, P.W.D., Repairs" to "Minor Original works" under the same head, may be sanctioned by the Superintending Engineer, IV Circle.

(Signed) R. R. E. DRAKE-BROCKMAN, Col., R.E.,
Chief Engineer for Irrigation.

PROJECT.

(1).—HEAD WORKS—

(B). Land.

(K). Buildings.

In cases of Productive public works, the fact of their being so should be noted against the entries.

5. It being of the utmost importance that early intimation of possible lapses, or of excesses, in outlay on works should be communicated to the Government, a close watch should be maintained on the progress of all works, and this form employed the moment the facts are sufficiently known.

6. Applications for re-appropriations which require the sanction of the Government of India should be submitted by the local Government in duplicate; applications by Executive Engineers should be submitted through the Superintending Engineers of their Circles.

EXPLANATION OF NECESSITY FOR RE-APPROPRIATION.

Required for expenditure in this off year.

1. It is proposed to transfer Rs 4000 from Repairs & 1000 from agricultural works.

2. Surplus as there are no estimates.

3. Surplus for want of sanctioned estimates. The best part of the working season has been lost and by the unusual rain of May & June, most of the tanks are full.

(4). It is proposed to transfer Rs 3000 maintenance & repairs to May to maintenance & repairs. Excess must expenditure during current fiscal year.

6TH CIRCLE,

No. 108/72

Trichinopoly, 10 Sept 1896.

To

The Chief Engineer, *for Irrigation*

SIR,

ENCLOSURES.

SIR,

In the reference to your memo No $\frac{VI}{595}$ of 10th inst I regret I cannot recommend any transfers to meet the cost of the diversion of the Tanchapuri right bank in the 10th mile below Sivakuntam nor can I accept the responsibility of leaving the beach open.

I should be obliged by your letting me have definite orders whether to close or leave the ^{river bank} benches in the Tirunelveli and Trichinopoly districts and in connexion with this I try to submit that as the benches occurred in these two districts before those within Kistna and Godavari this Circle had and has a prior claim to a share of such funds as are available or can be obtained. Already, works have been postponed as much as possible without injury to the Revenue or upsetting contracts in order to provide funds for closing benches in Tirunelveli and funds still required cannot be provided except by a wholesale stoppage of Sanctioned works.
