Public Works (1896) Department.

G.O., No. 796 ✓

DATED 2nd October 1896.

[Despatch Abstract.]

*Stern Wheel Steamers. Letter from the Govt
of India, on the subject of the probable
date of completion of the two - required
for the Kistna Delta System, Comd to of
Gues Enacted.*

No. 796 I., 2ND OCTOBER 1896.

Irrigation.

READ—the following paper:—

From the Officiating Deputy Secretary to the Government of India, Marine Department, to the Secretary to the Government of Madras, Public Works Department, Irrigation Branch, dated Simla, the 16th September 1896, No. 812.

In continuation of Marine Department No. 767, dated the 27th August 1896. I am directed to forward, for the information of His Excellency the Governor in Council, an extract from a letter from the Director of the Royal Indian Marine stating that he hopes that both the stern-wheel steamers required for the Kistna delta system will be completed by May next, but that this depends on the date of receipt of the material from home.

2. In this connection, I am to remark that it was found inadvisable to telegraph for the plates as originally intended, in consequence of the very numerous details given in the indent and for fear of error in the supply of plates of the required dimensions, &c. The indents have, however, been forwarded to the Secretary of State, and His Lordship has been requested to despatch the plates with as little delay as possible.

ENCLOSURE.

EXTRACT, paragraph 1, of a letter from the Director of the Royal Indian Marine, to the Secretary to the Government of India, Marine Department, No. 4333, dated the 31st August 1896.

With reference to Marine Department No. 767 of the 27th instant, I have the honour to state that I hope both the stern-wheel steamers required for the Kistna delta system will be finished by May next, but this depends entirely on the date of receipt of the material from home.

ORDER—No. 796 I., dated 2nd October 1896.

Communicated to the officers concerned for information, in continuation of G.O., No. 795 I., dated 2nd October 1896.
