Read—the following papers :—

From J. HANNAN, Esq., Superintending Engineer, IV Circle, to the Chief Engineer for Irrigation, dated Coimbatore, 4th September 1896, No. 175 I.

With reference to G.O., No. 487 I., dated 15th June 1895, sanctioning appropriations of Rs. 750 and Rs. 600 for repairs to Thevoor and Anchetti anicuts, respectively, Minor Works, Revenue Department, in the Salem district, I have the honour to report as follows :—

When the materials were under collection for commencing the repairs to Thevoor anicut, an unusually heavy flood came down the river in the middle of October 1895 and entirely washed away the apron in rear of the breach in the anicut, and thus caused a breach in the anicut 65 feet long and 17 feet deep below the crest level. The depth being so great and the apron completely washed away, a revised estimate for repairing the anicut was prepared, amounting to Rs. 3,430, and was sanctioned by me.

The revised estimate for repairing the breach in the Anchetti anicut amounts to Rs. 1,500 and there are only 23 acres under the anicut. It is quite possible that, when the breach is repaired, the anicut may breach in another place, and it will cost a large amount to place the anicut in thorough repair. The Division officer reports that it is not worth while to restore the anicut, as it irrigates only 28 acres and that the land may be changed from wet into dry.

I therefore request you will be good enough to appropriate a sum of Rs. 3,430 for restoring the Thevoor anicut in supersession of those sanctioned in G.O., No. 487 I., dated 15th June 1895, under reference.

From Lieutenant-Colonel C. C. RAWSON, R.E., Superintending Engineer, V Circle, to the Chief Engineer for Irrigation, dated Chepâk, 2nd October 1896, No. 239 E.I.

Adverting to your memo. No. 7 V., dated 14th September 1896, I have the honour to report that out of the current year's grant for "Minor Works, Revenue Department," for this circle only Rs. 95, being savings on completed works, can be spared from Tanjore division.

From P. R. ALLEN, Esq., Officiating Superintending Engineer, VI Circle, to the Chief Engineer for Irrigation, dated Trichinopoly, 3rd October 1896, No. 1625 T.C.

With reference to your memo. No. 9 VI., dated 14th ultimo, I have the honour to inform you that Rs. 1,500 can be spared from the existing grant of Rs. 3,881 under 43. Minor Works, Revenue Department, in the Trichinopoly division.
