No. 260 B.C.

Silt Trap Cisterns at
Krisnapett & Triplicane
Siphons —

Forwards for favour
of obtaining
of sanction estimates for
constructing —

Report to accompany the Estimate No. 1520
for Constructing a Silt-trap Cistern at Krisnapett and
Triplicane Siphons..

The Estimates have been prepared
in accordance with the instructions conveyed in
G.O. No. 480 M. M. dated 21st March 1896
para 3.

The Cisterns are intended to act as
Silt traps over which storm water will flow
so that as little sewage as possible shall
be carried into the Canal.

One Cistern will be constructed
at the Triplicane Siphon 15' x 15' x 6' and
the other at the Krisnapett Siphon of the
same dimensions. The deposit will be
removed periodically by coolies; this ar-
rangement will reduce the quantity of
sewage now silting up the Canal.

Letter from the President, Municipal
Commission, Madras, to the Executive Engineer, Bud-
- ingham Canal Division, No. 998, dated 27th July 1896

In reply to your letter No. 998 of the
22nd Instant. I have the honor to inform you
that there is no objection to the construction of
the cisterns referred to.

No compensation for building
the same on Municipal land need be
provided in the estimate.

The estimates which accompanied
your letter are herewith returned.
