I have the honor to forward herewith for your approval and sanction of Government plan and estimate, amounting to Rs 1400/- for constructing a cattle crossing at 44, 6, 5 10 ft of Gommamur canal in the Krishna western Division.

2. The amount of the estimate may be met from the balance of the item No 710 of the statement printed, with G. O. No. 857 of 11th October, 1893.

3. The report which accompanies the estimate explains the necessity for

the work.

I have the honor to be,
Your most ^{Sir} obedient servant,
Bardasing Majordar
Superintending Engr. From,

SUBJECT.

Report to accompany the Estimate
for Kasavarapad cattle crossing at
44 ⁶⁸ 68 ⁵¹ 51 ft. of Commamur Canal Est. Rs 1400

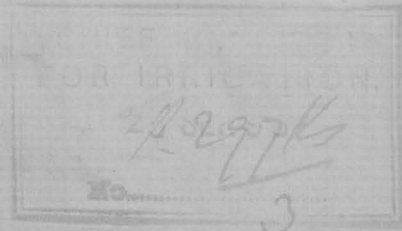

This crossing is proposed to be
built at Kasavarapad Douka for the
use of Kasavarapad Villagers. For want
of proper metalled ramps, the banks
and slopes get ^{cut} up and cattle
meet with a good deal of difficulty
in crossing the canal.

2 On the Right Side of the Canal there
is no bank for a length of 178 ft. This
gap in the bank is meant for draining
off about half-a-square mile of dry
land on the Right Side. The lowest field
on the North Side is 10.53 and on the South
Side is 10.64. It is therefore proposed
to provide stone pavement 6' wide on
both sides of the ramp on Right bank
with crest at 10.00 or 0.33 above F.S.L
in Canal.

3 The ramps and revetments have been
proposed as per general plan of Cattle
ramps in this Division.

4 Provision has been made for
planting

planting Duru grass on ^{earth} both slopes
where the drainage water enters the
Canal in order to prevent scours.
