Endorsement No. 786 L., dated 25th September 1896.

Read—the following letter from W. HUGHES, Esq., Superintending Engineer, VI Circle, to the Chief Engineer for Irrigation, dated Trichinopoly, 2nd September 1896, No. 1460 T.C. :—

I have the honour to request that you will be good enough to sanction, at your earliest convenience, the following additional allotment required for the Trichinopoly division during the current official year (1896-97) to make up for the loss of the late flood.

2. The amount required cannot be obtained by transfers from the existing grants of the circle.

No. 165 I.

Submitted to Government. The total amount required for repairing the damages caused by the flood in the Cauvery on the 31st July 1896 is Rs. 44,141, including the percentage charges for establishment and tools and plant. This amount cannot be provided by re-appropriation from the current year's grants for works other than the Coom Improvements Scheme. On the 15th August 1896, the Executive Engineer, Trichinopoly division, reported: "The cultivation season is well in and it is highly essential that damages should be repaired as soon as possible in order that cultivation may proceed."
