DECEMBER.

Boundary wall at the Perambur Works, Madras Railway
 Estimate, amounting to Rs. 10,889, for the proposed raising of the —, sanctioned.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Railway.

Read the following paper :—

From the Acting Agent and Manager, Madras Railway, to the Consulting Engineer for Railways, dated Madras, 12th July 1897, No. E. 654/656.

In continuation of my letter, No. 9657/298 of 29th March 1897, I have the honour to forward, herewith, an estimate with plan No. 3877 A. for the proposed raising of the boundary wall at the Perambur Works, and to request that the sanction of Government may be conveyed to me for the required outlay (Rs. 10,889) chargeable in the proportion of Rs. 5,759 to Capital and Rs. 5,130 to Revenue.

2. This work is brought forward for effectually safeguarding the Company's property at the Perambur Works. A list of such thefts, of which a record has been kept from 1892 to 1897, is attached; but there are others, of which, unfortunately, particulars are not available. It will, however, be noticed that the value of the items stolen exceeds over Rs. 3,200.

3. The Chief Prosecuting Inspector, who was communicated with on the subject, writes :

I went over the whole ground and inspected the position of the postings and find that the staff is much too weak for the insecure condition of the boundary walls of the place; in fact instead of the boundary wall being a security, it is an auxiliary for the dishonest to carry out thefts with impunity without detection, and the wall of the forging shed attached to the stores should also be raised. The gates should be so constructed as to make them unclimbable and to the passing of stolen things going through, over or underneath them (after the gates are closed) impossible.

4. The matter was discussed at the official meeting on the 28th of May last, when it was decided that an estimate should be prepared.

5. Information as to provision in the budget and date on which sanction will lapse is given on the estimate. A statement showing the details of calculation of revenue charges in the estimate is also enclosed.

MADRAS RAILWAY.

AGENT AND MANAGER'S OFFICE,

Madras, 12th July 1897.

From

The Agent and Manager.

Madras Railway.

To

The Consulting Engineer for Railways.

Sir,

Madras.

In continuation of my letter N^o 9657 of 29th March 1897, I have the honor to forward herewith an Estimate with plan N^o 3877 A for the proposed raising of the boundary wall at the Perambur Works and to request that the sanction of Government may be conveyed to me for the required outlay of Rs 10,889 chargeable in the proportion of Rs 5,759 to Capital and Rs 5,130 to Revenue.

2. This work is brought forward for effectually safeguarding the Company's property at the Perambur Works. A list of such thefts, of which a record has been kept from 1892 to 1897, is attached, but there are others of which unfortunately particulars are

are not available. It will, however, be noticed that the value of the items stolen exceeds over Rs 3,200.

3. The Chief Prosecuting Inspector who was communicated with on the subject writes

I went over the whole ground and inspected the position of the postings and find that the staff is much too weak for the insecure condition of the boundary walls of the place, in fact instead of the boundary wall being a security it is an auxiliary for the dishonest to carry out thefts with impunity without detection, and the wall of the Forging shed attached to the stores should also be raised. The gates should be so constructed as to make them unclimbable and to the passing of stolen things going through, over or underneath them (after the gates are closed) impossible.

4. The matter was discussed at the official Meeting on the 28th of May last when it was decided that an Estimate should be prepared.

5. Information as to provision in the

the Budget and date on which sanction will lapse is given on the Estimate. A statement showing the details of calculation of Revenue charges in the Estimate is also enclosed.

I have the honor to be,
Sir,
Your most obedient servant,
