Note by the Examiners, Guaranteed Railway  
Accounts on the proposed final figures  
of the South Indian Railway Capital  
Account for 1896-97 and 1897-98.

1896-97 The final figures now proposed  
as the revised estimate for 1896-97 are  
as under: —

| Works & Services    |     | Rs                     |
|---------------------|-----|------------------------|
| Cash                | --- | 64,440                 |
| Stores              | --- | 1,05,560               |
|                     |     | <u>1,70,000</u>        |
| Stores transactions | --- | 30,000                 |
|                     |     | <u>Total. 2,00,000</u> |

2. The total amount is the same as that included in the last preliminary issue of the budget and revised estimates; but the provision of Rs 1,29,560 in the latter for stores outlay on works has been reduced by Rs 24,000, and a similar amount has in consequence been added to the net stores transactions increasing that figure from <sup>Rs</sup>6,000 to Rs 30,000.
3. The estimate may be recommended for sanction for the reasons given in  
this

1897-98-. The budget estimate has been prepared as previously for the amount provisionally sanctioned by the Government of India with the following revised programme, which may be accepted.

|                     |               |
