To R.

There is no provision in the Budget Estimate of 1896-97 to meet the charge and unless it can be met from the existing grant for office contingencies, it will be necessary to provide for the charge either by a reappropriation of grants under such heads as funds may be available or by an additional grant for establishment (Contingencies). In either of the latter cases the sanction of the Government of India will be required under Code volume II, chapter IV, para 135(c) (4) & (i).
