To

Madras Railway.

SIR,

The Consulting Engineer for Railways.

Madras.

With reference to your endorsement N^o 1587 of the 7th May 1897, on copy of a communication from the Collector of North Arcot, I have the honor to state that, although orders were issued by the Collector on the 25th April last for the transfer of the land applied for at Thocock to enable us to connect the Locomotive well with the river by a pipe, it has not as yet been handed over by the Revenue authorities to our District Engineer.

A telegraphic report from the
Locomotive

Locomotive Superintendent states that the level of the water in the well had fallen to 1'-6" and that the South Indian Railway had been informed that we could no longer supply water for their Engines at Renigunta.

If the water supply at Thacock failed altogether, our traffic will be seriously disorganized and I shall, therefore, be obliged if you will be so good as to press the Revenue authorities either to transfer the land in question immediately to the Company or to grant permission for the pipes to be laid under the irrigation channel into the river.

I have the honor to be,
Sir,

Your most obedient servant,

Alfred

Requisition of land
at Keringunta

The Agent wrote in Sept. 96
that he wanted to divert
a water channel for
a few days, that the owner
objected, and asked us to
show Rev. to allow the
work to be carried out as
was urgent.

The Rev. sent a letter to Collector
N. Arcot. early in October &
told him that of the shortest
the land ought to be acquired
temporarily he should make
the necessary application to
Govt.

Urgent reminder from AM 6th Nov.Sent on to Collector on 11th Nov.Collector writes back 6th Jan.1897 and asks of the sinking
the pipe will interfere with

the supply of the channel
close of this matter had
already been dealt with
the AM first letter

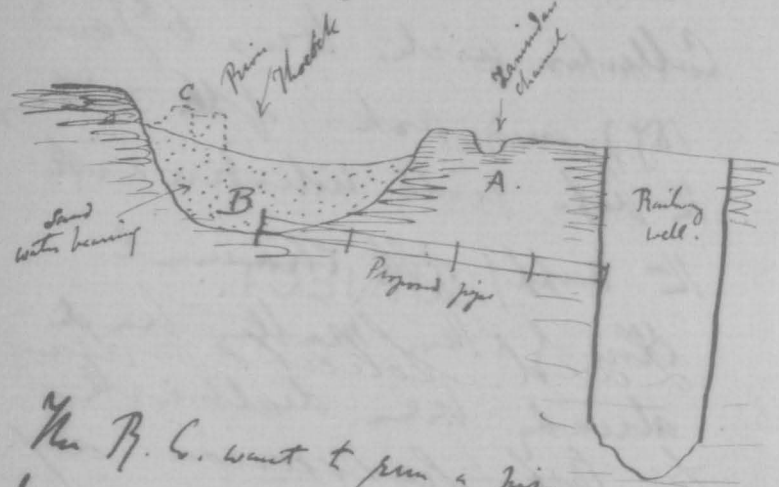

Agent replies 11th Jan. pointing
out the unnecessary character
of the ref.

Collector forwards the stat.
for requisition of one cent
of land with protest from
the proprietors 4th April

This was published in
 Gazette of 27th April.
 and ^{Asst} Collector was asked
 to ^{Collect} ~~Rev. Dept.~~ to arrange
 transfer of land East.
 25th April.

Nothing has been done to
 date & AM. reports serious
 state of watering arrange-
 ments at Remugum.
 Work letter sent to Collector.
 9-7-97

On July 6th I wrote Sec. Pres. Dept
 begging him to urge Collector to arrange the
 matter as there is a likelihood of the
 watering arrangements failing & the train
 service being deranged.

The B. C. wanted to run a pipe
 beneath, but not in connection with the Zamindar's
 water channel at A. to tap the water bearing
 sand in the river bed at B. They would tamper with
 the little channel A & C which brings the
 pipe. so as not to ~~rob~~ rob the Zamindar of
 any of his water. The Collector seems on the
 face of it to have been very shilly. The
 matter is being urgent. F.W.L. 21/7/97

No. 1517 dated 11-7-97 appended to Proceed
of the Board of Revenue dated 10.7.97
Mis. I have the honor to report as follows.

Draft declaration in respect of land to be acquired temporarily for Loco well at Reimigunta station in Shukriwakan village was published in the Fort Saint Gazette dated 27-4-97 and the Tahsildar

af

Chandraghiri was directed in this office
ref on cur no 3646 dated 15-5-97 to
submit proposals for the settlement
of compensation in respect of the land
at a very early date. He was also asked
to summon the agents of the minor proprietors
to appear before the undersigned on the
7th June 1897 and to report the amount
of additional compensation that
may have to be awarded for the alleged
damage of the channel.

2. The Tasildar
wanted a copy of the above memo and
a copy of it was sent to him.

3. The Tasildar in his
arzi ref on cur no 4088 ^{Rev} dated 29-5-97
reported that one rupee a day during
the temporary occupancy of the one cent
of land may be paid to the owner of the
land as compensation and that as for
the additional compensation that may
have to be awarded for the alleged
damages of the channel has called for
the proposals of the Revenue Inspector.

4. On the 7th June 1897 one Sad-
-siwa mudaliar, Vakil Rampet appeared
for two of the agents of the minor and
consented to give up the land if a
suitable and sufficient compensation
is awarded in case the taking of water
through the pipes to be laid under the
land should cause diminution of water
supply to those lands. The Vakil also
consented to accept compensation of
Rupee 1 per day for the temporary occupa-
tion of the land.

5. Again the Tasildar reported on the
17th June 1897 that the other agents of the
minor proprietors were given notice to
appear before the undersigned, that one
was served and the others were not served.
The served notice also was not received
in the office. A reference dated 8.7.97
has been made to the Tasildar. He has
been asked to report the names of persons
interested to whom notice should be
served and to serve the notice. A copy
of

of the last reference to the Tasildar was sent also to the District Engineer Madras Railway Company Footy with a note that land cannot be transferred before the settlement of compensation. Delay has been caused by the fact that there are four agents to the one owner. As soon as the Tasildar returns the served notice, compensation will be awarded and the land transferred.
