To avoid low ground and to bring the station of Kavaraipettai nearer the village of that name it has been found advisable to alter the station site and I have ^{now} the honor to send herewith a land plan sheet No 6 A. Set A and 2 Schedules showing additional land required for the revised site in the village of Kilmadalambedu and the surplus land at the old site in the village of Panappakkam now to be relinquished with the request that you will arrange for an early acquisition of the additional land under Section 17 of the Land Acquisition Act No 1 of 1894. The alteration effected in the site is a minor one the station

having been moved back only about half a mile.

The value to be realized on account of the relinquishment of the land in the village of Panappakam should be credited to this Railway.
