The Municipal Commissioners
Rajahmundry.

The Mahagar petition presented by the inhabitants of Rajahmundry whose signatures & marks are given below.

We are given to understand that the sanction of the Government has been obtained in respect of the 2nd of the 3 — (proposed) Railway lines measured by the Railway Engineer.

2 Many big tiled houses & a few upstair buildings belonging to most of the undersigned people, fall on the 2nd line in question There are also tiled & thatched houses of minor importance, belonging to other people. If the Rail Road is constructed as now sanctioned by the Government, this will cause not only much loss to the people but also much inconvenience to the public & the cattle that pass by

by the way, the line being in the middle of the Pata Eru.

3 The 3rd line is not only at one end of the Pata but it has also no upstair or tiled houses on the way. There are only 10 or 15 thatched houses. If sanction is obtained in respect of this 3rd line, this will save from much loss, not only the people but also the Government in granting compensations. We accordingly pray that your honor, after due consideration be pleased to obtain the sanction of the Government in respect of the 3rd line in place of the 2nd line for which sanction has already been obtained

To

The Municipal Commissioner

Rajahmundry

The Mahazar petition presented by the inhabitants of Rajahmundry whose signatures & marks are given below.

The Chief Engineer of the Godavari Bridge has chalked out lines No 1.2.3.4. When the 1st line was contemplated, the Chief Engineer saw that a good many houses ~~to~~ would fall on the line & that people would be put to much inconvenience for want of suitable ~~houses~~ sites. (to build new houses) & thus generously gave up the line & directed [his subordinates] to mark out another line. We are given to understand that the Chief Engineer finally fixed the 2nd line. There are more houses on the 2nd line than on the 1st line. Three fourths of the houses on the 2nd line are big houses & the rest small houses. The owners of the houses are very poor & are ~~much~~ heavily involved in debt ~~indebted~~ & are destitute of property. The 2nd line does not appear to contribute in any way better to the public convenience than the 1st. Why should we not have the same kindness shown that was shown to the people on the 1st line? We therefore humbly pray to take ~~the~~ pity ~~upon~~ on the poor, & to set aside the 2nd line & choose one of the other 2 lines No 3 & 4.
