Revised 21

Ordering the publication of notifications in the Port St. George Gazette appointing Hooper an inspection station under Regulation 14 of the Industrial Regulations and requesting the Collector of Polling, the Surgeon General and the Inspector General of Police to make the necessary arrangements.

Read the following:-

" Plague has reached Hubli. After consulting District Surgeon

I recommend that Gadag or failing that Hospet be declared inspection station".

Endorsement of the Local and Municipal Department, No. 1105,
dated 28th October 1897.

Referred to the Sanitary Commissioner for very early remarks.

From the Sanitary Commissioner for Madras, No. T/58 (2210/S),
dated 28th October 1897.

With reference to your Endorsement No.1105,of this date,I have the honour to state that I agree with the Collector of Bellary in thinking that Hospet should be constituted an Observation station.This course was indeed urged by me on Government in this office letter No. 362 S of the 11th February 1897,but was negatived by Government in G.O.No. 261 dated the 22nd February 1897.

3. 2. I consider it undesirable to adopt the alternative of trusting to a station at Gadag. This could not be under the control of the Madras authorities, and whilst not doubting that arrangements might be there well effected in the interests of Madras by the

4. Bombay authorities, I am decidedly of opinion that it would be preferable to rely on efforts that are under the control of the Presidency chiefly interested. In the matter of convenience to passengers, Gadag would doubtless be desirable, having regard to the time at which trains arrive; but as to completeness of inspection possible, there is little choice ^{as} at both stations the most important train arrives after dark.

Order

Order No. 2393 M.Mis., dated 1st November 1897.

His Excellency the Governor in Council resolves to appoint Hospet an inspection station under No. 14 of the mufassal regulations issued under the Epidemic Diseases Act, 1897. The following notification will accordingly be published in the Fort St. George Gazette--

Notification.

His Excellency The Governor in Council hereby appoints the railway station at Hospet in the Bellary district to be an inspection station under No. 14 of the regulations prescribed for District Municipalities and towns and villages, under the Epidemic Diseases Act, 1897.

2. The Collector of Bellary is requested to take steps at once to provide some hospital and segregation huts near the Railway station at Hospet. For the present, it seems sufficient if there are provided one male and one female hospital hut for Europeans and Eurasians to accommodate, say, two persons in each; one male and one female hospital for natives to accommodate, say, four persons in each; ~~with~~ with the same number of segregation huts. Care should be taken to select a site where there is a good water supply and if there are any buildings near the site, they may be made useful for the accommodation of Medical officers and stores.

3. The Surgeon General will be requested to depute a medical officer with one hospital assistant and one female nurse or midwife to Hospet for the inspection of Railway passengers from plague-stricken tracts.

4. The Inspector General of Police will be requested in the Judicial Department to make the necessary police arrangements for maintaining order and enforcing the regulations.

Despatched 12/11/97

Order No. 2328 M. S. dated 1st November 1897.
His Excellency the Governor in Council resolves to appoint
Hosper as inspection station under No. 14 of the municipal regula-
tions issued under the Epidemic Diseases Act, 1897. The following
notification will accordingly be published in the Fort St. George
Gazette:-

Notification.

His Excellency the Governor in Council hereby appoints the railway station
at Hosper in the Bellary district to be an inspection station under
No. 14 of the regulations prescribed for the District Municipalities
and towns and villages, under the Epidemic Diseases Act, 1897.
2. The Collector of Bellary is requested to take steps at once
to provide some hospital & segregation huts near the railway sta-
tion at Hosper. For the present, it seems sufficient if there are
provided one male and one female hospital hut for Europeans and
Europeans to accommodate, say, two persons in each; one male and one
female hospital for natives to accommodate, say, four persons in
each; with the same number of segregation huts. Care should be
taken to select a site where there is a good water supply and if
there are any buildings near the site, they may be made useful for
the accommodation of Medical officers and stores.
3. The Surgeon General will be requested to depute a medical
officer with one hospital assistant and one female nurse or midwife
to Hosper for the inspection of railway passengers from disem-
barked trains.
4. The Inspector General of Police will be requested in the Ju-
dicial Department to make the necessary police arrangements for
maintaining order and enforcing the regulations.
