*Sinla**Coty, the 11th August 1898.*

SIR,

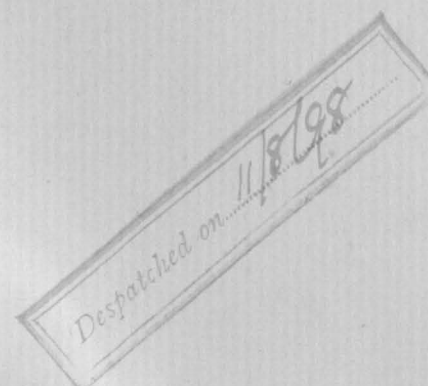

During a tour recently made by H.E. the Governor, it was brought to his notice by the Municipal Committee of Ellore that there is a strong demand for a small railway station at a place called Pavagut, a suburb of the town of Ellore, and situated about 3 miles from some parts of the town.

2.- The Committee begin with this Government advising that a cheap non-closing station of the type of Anapathy station of the S.C.R. may be built, complete, with staff quarters, for Rs 3000. But that for their purpose it would suffice at first to spend one fourth of that sum on a hut and earthen rail head platform, until experience proved that a better station would pay.

3.- I am instructed to say that this fact will be glad if the Manager of the S.C.R. can be instructed to begin with and report on the matter.
