G.O., No. 1181 R., dated 23rd December 1897.

Read the following letter from the Agent and Manager, Madras Railway Company, to the Consulting Engineer for Railways, dated Madras, 11th December 1897 ,No. 9724/1139 :—

I have the honour to inform you that I am granting to Mr. Pigott, Assistant Telegraph Engineer, 18 months' leave to proceed to England on furlough, his state of health necessitating a lengthened stay in Europe, and I propose to transfer to Arkónam as Assistant to the Telegraph Engineer Mr. I. B. Duncan, the Assistant Engineer at present in charge of the *Terminal works at Madras*. The transfer of Mr. Duncan will necessitate our procuring the services of a temporary Assistant Engineer, and I beg to request that you will communicate your sanction to the engagement of such an officer on a salary of Rs. 400 per month.

The following is the pay disbursed at present and which would be disbursed under the proposed arrangement :—

At present.	RS.	*Proposed.*	RS.
Mr. Pigott	500	Mr. Pigott, half pay	250
Mr. Duncan	550	Mr. Duncan	550
		Temporary Assistant Engineer	400
	1,050		1,200

Thus, there will be a temporary increase of expenditure on establishments of Rs. 150 per mensem.

As at present arranged, Mr. Winter, the Company's Telegraph Engineer, leaves the service on the 7th March next; but whether his service is extended by the Board for a further period or not, I do not consider it desirable, in the interests of the State or the Company, that the Telegraph and Engineering Workshops at Arkónam should be left to the sole charge of a single officer. We have in the past recruited from the Engineering staff when Telegraph officers have proceeded to England on leave.

Order—No. 1181 R., dated 23rd December 1897.

The Government of India will be addressed.

Letter—to the Secretary to the Government of India, Public Works Department, dated 23rd December 1897, No. 1182 R.

I am directed to inform you that Mr. Pigott, Assistant Telegraph Engineer, Madras Railway, has been granted 18 months' furlough, his state of health necessitating a lengthened stay in Europe.

His place will be filled by an Assistant Engineer drafted from the Engineering department of the Railway.

The transfer of the Engineer will necessitate the engagement of a temporary Engineer to fill the vacancy caused in the Engineering department.

The following is the pay disbursed at present and which would be disbursed under the proposed arrangement :—

	At present.	Proposed.
	RS.	RS.
Mr. Pigott	500	250
Assistant Engineer Mr. Duncan	550	550
Temporary Assistant Engineer	...	400
	1,050	1,200

Thus, there will be a temporary increase of expenditure on establishment, amounting to Rs. 150 per mensem.

I am to say that the Company's proposals are approved of by this Government, and to request that the Government of India will be pleased to sanction this temporary increase over both the numerical and money sanctions.
