With reference to Government Order No 1363, ~
Railway, dated 3rd November 1898, I have the honor to inform you
that it is not understood how form E.I is to be used for the
record of estimates in the Minutes of Official Meetings. I enclose
a copy of the Tanjore re-arrangement estimate, and shall be
greatly obliged if you would kindly have it entered up in
form E.I as an illustration of the manner in which the form
should be used.

It may not be out of place to point out that the
form appears quite unsuitable for locomotive and Carriage
estimates, and that its adoption will make the printing of the
Minutes of Official Meetings far more costly than at present.

I have the honor to be,

Sir,

Your most obedient servant,

A. B. G. Shetty

EXAMINER'S REPLY.

E. R.

The orders of the Govt. of India require that detailed abstracts of estimates amounting to Rs 5,000 and not exceeding Rs 25,000 which are sanctioned by the local authorities should be recorded at Official Meeting. The details of estimates exceeding the latter figure and their allocation are seen by the Govt of India when such estimates are submitted for sanction and it is therefore not necessary to record them in minutes of Meeting.

In the case of the estimates of Rs 5000 to Rs 25,000 full details

as contained in them when sub-
mitted for sanction ~~by~~ the local
authorities, must under the orders
be included in form E. 1. and
recorded at an Official Meeting.
To facilitate matters I would
suggest that this form be used
for the preparation of all es-
timates falling within the
specified limits i.e., Rs 5.000
to Rs 25.000.

As these estimates are com-
paratively few, the cost of
printing the minutes of meet-
ings will not be considerably
enhanced by giving effect to
the order.
