(a) Estimates for the repairs of 4 of the tanks have been sanctioned. The matter of repairing the other two tanks is under correspondence.
 (b) In the case of one of these tanks, viz. Sirkondapalem Agaharam tank, notices have been issued to the Agaharamdars to repair the tank within a given time on pain of prosecution under Act II of 1886. As regards the other tank, the Tahsildar reports that the tank (Perurpand Kottacheruvu) has a breach in its bund. The water flows into Sirkondapalem tank which is in good repair. The wet Ayakat under the former tank has been acquired for their extension of the bed of the latter. This tank may therefore be expunged from this list.
