Sanitary.

I am directed to state that it has been represented to the Government of India that some inconvenience has been caused to railway passengers owing to their ignorance of the precautionary measures enforced to prevent the spread of plague by persons travelling by rail.

2. It appears to the Government of India to be advisable that the rules issued by the Local Governments and Administrations should be posted in English and vernacular at railway inspection stations, termini, and other important stations of each railway system to which they apply, and that, in addition, the several Local Governments and Administrations should publish periodically, so as to keep it up to date, an abstract of their regulations dealing with railway traffic, to be posted at the same places.

3. I am to request that [with the permission of ^{the Governor in Council} His Honour the Lieutenant Governor (and C. C.)] instructions may be issued to give effect to the suggestions made in this letter.
