I think rule 110 is a very unnecessary one
the modification is not much better
but will save some trouble. Forward
application to Dublin

C8/95 Rules
Referring to your letter
N^o 358 of the 4th instant, I have the
honor to request that you will be so
good as to communicate to me the
sanction of the Governor General
in Council to the following modifica-
tion of rule 110, part I, of the
General Rules for working open lines
of Railway, printed on page 106 of
the Gazette of India, dated 29th January
1898, to be made applicable to the
Merris Railway:-

When a train has been shunted for another train to pass, the side lamp next the line on which the following train is to be admitted must be reversed, the other side lamp and the tail lamp being left in their normal position showing red."

I may add that we were anxious
to introduce ~~the~~ rule some years ago and
it was put forward ~~at~~ the Railway
Conference in 1898, but the only lines
which then seemed to appreciate it were
the Bengal and North Western and the
Madras Railways.

I have the honor to be,
