CONSULTING ENGINEER RAILWAYS MADRAS
RECEIVED 16 MAR 1898

All communications should be addressed to the Secretary.

No. 79 R.S.

GOVERNMENT OF INDIA.

PUBLIC WORKS DEPARTMENT.

RAILWAY STORES.

To

The Joint Secretary to the Government of Madras,
Public Works Department, Railway Branch.

Calcutta, the 9th March 1898.

Sir,

It has been brought to the notice of the Government of India that the Commandants of the Corps of Sappers and Miners experience some difficulty in procuring the required pattern of railway material and platelayers tools laid down at pages 32 and 35 of the revised " Engineer Equipment Tables" of the Corps of Sappers and Miners, Bengal, Madras, and Bombay, the supply of which should be made by State Railways when the Station at which the Stores are required is situated near a State Railway.

Not available here.

2. As the materials in question are only required at the Head Quarters of the Corps, viz at Bangalore, Kirkee and Roorkee, the Government of India are advised, that a more desirable plan for complying with requisitions of the kind would be for the Consulting Engineer at Madras to meet the demands of the Commandant at Bangalore from the most conveniently situated railway, and I am accordingly to request that with the permission of His Excellency the Governor in Council the Consulting Engineer for Railways Madras may be instructed, ~~xxxx~~ on demand from that officer, to arrange with the Agents of the Railways under your control, to supply him with such

materials and tools in common use on the railways in the neighbourhood, as may be thought to be suitable for the purpose of the Instructor of the Corps of Sappers and Miners at the Station named, ~~in the manner proposed~~.

I have the honour to be,

Sir,

Your most obedient servant.

CHSykes.

Offg. Under Secretary.

To His Excellency

Sir Arthur Elibank Havelo G. C. M. G. G. C. I. E.

Governo President in Council, Madras.

YOUR EXCELLENCY,

We the undersigned European and Native land o ers, merchants, cultivators, and traders resident in the Towns of Dindigul, Kaniwadi, Palni, Udamalpett, Gomanglam, dur, Pollachi, Wootacooce, Vuddoowuncolum, Palghat and Calicut have the honor to approach Your Excellency with a ew to respectfully but earnestly and briefly request your aid in pushing forward at an early date, the construction of the g expected Dindigul and Palghat Railway, a work which has been before Government for a very considerable period, sur s of the proposed line having been made by M. de Closets in 1885, and again by Mr. H. T. Geoghegan in 1887. Ther vas a subsequent survey which made Podanur, instead of Palghat, the point of junction with the main line of the Mad s Railway; but these 21 miles from Pollachi to Podanur touch no towns or large villages, whereas there is a very large and nportant goods traffic between Pollachi and Palghat, and this is the shortest and most direct road to the port of Calicut.

The Railway, which we respectfully urge on th consideration of your Excellency with a view to its early construction on such lines as seem to you best, will run through rich agricultural country, and tap many populous towns and villages, vide Mr. J. L. Taylor's Report of June 1896.

The town of Palni has a large trade and pilgr traffic, and is only 19 miles from Kodaikanal, from which sanatorium a road can be constructed. Coffee, Cardamom etc. come down from the adjoining hills to Palni and to Udamalpett; from the latter there is a road now being ma to the upper Travancore Coffee and Tea Estates properties which are of great value and commercial importance.

Pollachi is a town of considerable importance, ing the head-quarters of the Head Assistant Collector of Coimbatore and other officials, and commands a large trade Cattle, Timber, and merchandize of all kinds.

Udamalpett is also a large and thriving town, wi a very considerable export trade in Cotton, Tobacco, Sugarcane, etc. it is at the foot of the road leading to the portion o he Annamullay Hills, where land for Coffee has recently been taken up on a large scale.

The claims of Palghat to be connected with Dindig by a Railway were very fully placed before Your Excellency's predecessor,-Lord Wenlock-during his visit to Malabar.

It is a matter of the first importance to Merchants nd Importers on the Coast and producers in the interior, to have the most direct lines of communication by rail for tran port of Coffee, Cotton, Tea, Timber, Tobacco, Sugar, grains etc. to the Coast, and for sending to the interior imported gra n, Salt Fish, and Fish or/and imported Manures, Steel, Iron, Copper, etc. Large shipments of salt are brought to Calicut; there is also a very considerable import trade in Metals, Manchester and Birmingham goods, Matches, etc. etc. fo distribution in the course of trade chiefly in the towns in Malabar and Coimbatore.

Furthermore we would point out the advantages of a direct line of Railway, from Malabar to Madura, which district is a large recruiting field for the labor required in Coorg, Wynaad etc.

In conclusion, your Memorialists are informed that the South Indian Railway Company Limited are prepared to at once commence the construction of the Dindigul-Palghat line of Railway on receiving the sanction of Government; we are therefore not without hope that Your Excellency may be able, within a short time, to pass orders for the immediate commencement of this much needed line of Railway.

Lower Pulneys Plant

Dind

We have the honor to be,

TMENT

Current No.

" " 370 " 1899, " 15. 3. 98, " the Private Secretary to H.E. the Governor

ORDER. No. 474 Ry dated 24/3/98

H.E. the Governor

Perhaps it would be better to describe this railway as the Dindigul Railway. Otherwise, I agree.

A94 15.3.98

FM 21/3

25/3/98

[illegible] Gerrard Esq
[illegible]an
[illegible] Pulney's Planters' Assocn
Dindigul

[illegible].3.98

The Chairman of the Lower Pulney's Planters' Assoc will be informed, in reply to the memorial forwarded by him praying for the early construction of the ~~[illegible]~~ Dindigul Railway, that the subject continues to receive the earnest attention of Government and it is hoped that the bringing of the project to a practical issue may not now be very far off, though it would just at this moment be premature to enter into particulars.--
