With reference to your letter
dated 27th April 1871, I have the
honor to state that I shall be glad
to hear again from you on the subject.
Objectively, I think we are
a good deal in favor of making
the change and it is suggested that
the monthly system of accounts should
come into force on the 1st January 1872.
The East Coast Railway has to
be considered and if the Government
will sanction the introduction of
monthly accounts from the date
here named and will authorize
the East Coast Railway to adopt
the proposed system the diffi-
culty will be partly met.
