To

The CONSULTING ENGINEER FOR RAILWAYS,

MADRAS.

Sir,

With reference to your letter No. 1962 of 5th July 1898. I have the honor to inform you that it has not been the practice hitherto to obtain the prior approval of the Board to any Capital expenditure on the Mayavaram Mutupet Railway seeing that the desirability of incurring the same is a matter for Government and the District Board of Tanjore to decide. If, however, it be considered necessary that the sanction of the Board of Directors of this Company should be obtained to such expenditure as that for the proposed trial Station at mile M 226/12, the necessary steps will be taken to obtain the required approval.

I have the honor to be,
Sir,
Your Most Obedient Servant,

It rests with the Company to initiate the undertaking of any new Capital works on the M. M. Ry, and I think the procedure should in the same for the Branch as for the Main Line, as the Board have empowered their Agent to deal with schemes up to Rs 5000 only. At the same time since the Co is not directly assisted by the Capital outlay on the M. M. Ry it is perhaps scarcely worth pursuing the point

I do not think reference to the Board is necessary in the case of the M. M. R. when the working agreement is not effected FHS 15/7

note what action is necessary
on Agent 607. dated 25th June

knowledge that the local Govt or the
District Board have approved
of the proposed works.

The works in question will eventually
have to be formally constructed by the
Local Govt when the alignment for it is
determined by the Agent.

At present it is merely just proved as a
proposal for Budget purposes, so that if
you see no reason to object to it, and
consider a reference to the Board unnecessary
the work may stand, and the Lists
submitted with Agents 607 dy 25th June 98
may be submitted to the Govt of India,
if this has not already been done. No
further action is at present necessary.
