that to which modern typists are
generally trained. It has been
ascertained from the Superintendent
of Stationery that it is impossible
to replace in India the Ideal
keyboard by a Universal keyboard
This typewriter, moreover, is --
unable to produce at one time six
readable copies of a document, when
copies thereof are required for
communication to all Superintending
Engineers of Circles. For the present
there is only one trained typist in
the office and he has been trained
to and prefers the Remington --
machine. It would be convenient to
have two machines as heretofore
especially when part of the office
is at Ootacamund but this is not
absolutely necessary, and in the
circumstances sanction is solicited
to the supply of a new No. 7 Remington
typewriter, which is the pattern of
machine approved in G.O. No. 463 ----
Financial, dated 29th March 1899.
The two old machines may be --
disposed of in accordance with the
rules, a second machine being ---
indented for on the appointment of
a second typist or when found --
