Light Railway to Jammalamadugu.

11. We have received several applications for the construction of a light Railway to Jammalamadugu from a point on our North-West Line near Yerraguntla; but without a survey it is impossible to say what the prospects of a line paying would be. The length of the line is 24 miles, and the cost of a survey is estimated at Rs. 8,522. The expenditure will be a charge to the Company's Revenue, pending the construction of the line, and I shall be obliged if the Board will kindly intimate their approval to the survey being undertaken.

Light Railway to Jammalamadugu.

Para 13. In reply to para 11 of the same letter I am also to convey the sanction of the Board to an expenditure of Rs 8,522 for the survey for a light railway from a point on the north-west line near Yerraguntla to Jammalamadugu. The cost of this survey also to be chargeable to Revenue as in the above case.
