On another search
being made yesterday these
cases were found mixed up with
some old files which were re-
moved from their places by the
workmen who are erecting the
new record racks. As the records
have had to be shifted out of
their places to allow the work.
men to go on with the new racks
things have been in a state of
confusion, but everything will
be re-arranged and set in
order in a week or so when the
new racks will be ready for use.

Take this oppor-
tunity of bringing to your
notice that the Record Section
is undermanned and badly
requires an additional attendant
on Rs 10 or 15 a month.
We have now to do all
our own Secretariat work
and find it a hard pull
to keep things going with
only one attendant for both
ERs' and Rs' records.

That a temporary
man at least may for the
present be entertained.

But you don't say whether we can do this or not.
I am sure of it. I am sure of it. I am sure of it.

NOTE FOR RECORDS.

Heard from
the Examiner's office that the
entertainment of the temporary
establishment we require
can be sanctioned by the
Local Govt., but in order that
no mistake be made on the point
it is submitted that it be
referred officially to C.

The temporary
establishment required is as
follows:-

- 1 clerk on Rs 20.
- 1 attendant " 15.
- 2 clerks " 6 each

The clerk and
attendant are badly needed for
the rearrangement of the records,
and it is suggested that both
these men be obtained from the
staff of the General Record
Department by application
to the Chief Secretary.

As regards the
two additional persons at
state

for it is submitted that
the greatest difficulty is
now experienced in carrying
on work with only 10 peons.
The head peon or Duffadar has
to attend to general duties &
superintend, under the orders of
D.A.R., the duties of the other
peons. Two men are told off
daily for duty at E.R.'s house.
One peon is employed in looking
after the office daily between
the hours of 6 P.M. and 11 A.M.
and to take charge & deliver
to the officers any urgent
letters or telegrams which
are received out of office
hours. Five men are required
daily at office - 3 to attend
on the officers and 2 darstans.
One man has to be told off
for the kappal. It will
therefore be seen that no
margin is left for the
grant of any leave to the
men even when absolutely
necessary on account of
ill-health or other
irregular circumstances.

and work is entirely crippled
when one or more peons are
away for days and weeks
together with officers on
inspection. Besides all
this the nature of the
work of this office is
such that scarcely a day
passes but one or more
peons, and when they
are not available, coolies
have to be sent off with
urgent letters, papers &c.
to the Press, Agents' office
Fort House, Honorable
Members' residence &
other places. It is
submitted that the men
cannot much longer
sustain the severe strain
under which they are now
compelled to work, and
that to relieve them
two temporary men at
least should be engaged.
There two men it is
proposed to utilize wholly
as bicycle peons and
this matter together with
the question of retiring
certain men will be
reported on separately.
In further support of
the reasons given above
for the necessity which
exists for additional men -
(and here I beg to state

that if work is to be carried on conveniently & properly the present strength of peons must be raised from 10 to 15) - a statement is attached which shows that a sum of Rs 110-10-6 was expended during last year on coolie hire and jatta charges. With this sum plus an additional Rs 10/- 2 men @ Rs 5/- each could have been employed for the 12 months of 1898, and infinitely more work been got out of them than from the coolies employed for each individual job.

Rs 412-8/-

2. For 1899-1900, it will be well
 to make the necessary provision for the
 extra establishment in the Revised issue
 of the Budget, if possible, in addition to
 the temporary establishment already pro-
 vided for, or to obtain the orders of India.
 It seems probable that the amount will be
 covered by savings under Permanent Estab-
 lishment.

This has been done.

Rs: 47 X 12 = Rs: 564/-
