The AGENT,
SOUTH INDIAN RAILWAY,

To
The CONSULTING ENGINEER FOR RAILWAYS,
MADRAS.

Sir,

I have the honour to bring to your notice that a plot of land about 200 feet square has been enclosed as a burial ground in the fork between the main line and gravel siding at Koilpati. As a burial ground in this position is decidedly objectionable and might interfere with future railway arrangements at the station I took up the matter with the Collector of Tinnevelly in February 1897. The grave yard is on private puttah land and the Collector states that the only practical way of preventing its further use for burial purposes is its acquisition by the railway I am not aware when the burial ground was first brought into use but I was informed in February 1897 that only two interments had then taken place. The Traffic Department some time ago suggested facilities being given for turning an engine at Koilpati and the cheapest way of meeting this requirement would be the provision of a triangle, a portion of which would be formed by the quarry siding. This triangle would cut off the grave yard so that unless its site be acquired complications would probably arise. Under these circumstances I have the honour to submit for sanction an estimate, amounting to Rs 187

Rs 50

and

BACK PAPERS.

and chargeable to Capital, of the cost of the land including abatement of land revenue and to forward landplan (No. $\frac{721}{97}$ in duplicate) and Schedules for the acquisition of the site. If you approve of the — action contemplated would you kindly forward the land plans and schedules to the Collector of Tinnevell

I have the honor to be
Sir
Your most obedient Servant
A.O.G. Shelley
Captain R. E
Agent.

Despatched on 8/11/98

Office of Consulting Engineer for Railways,

MADRAS,

25th Oct. 1898.

My dear Shelley, A: 940 / 14/10/98

You can scarcely expect me to advise Government about this in its present state. Please make it fuller.

Is the cemetery already in regular use? Why do you want a triangle at Koilpati?

I cannot advise Govt. to put the Land Act in force wherever your people think that they would like a cemetery to be put out of use. Unless you have some better reasons than that afforded in your

very

South Indian Railway Company, Limited,

Trichinopoly October 28. 1898.

A: No 940 / 14/10/98

My dear Mr. Spring,

In substitution of my letter No 940 dated 14. 10. 98 returned by you I forward another and fuller letter bearing the same number and date, which will I hope enable you to dispose of the reference.

Koilpati as you know is an important place where there are Spinning mills, and if a large graveyard is

and the main line Government may have considerable trouble in the future.

You may perhaps like the matter to stand over till you can see it at the next half-yearly inspection. Considering the great delay which has occurred in ascertaining the value of the site, another two mont postponement is immaterial

Sincerely Yours

A. B. G. Shelley
