Acquisition of land  
-----

Special Revenue Officers for handing over land for  
Negapatam Nagore Railway.

The poramboke land for the construction of the Negapatam  
Nagore Railway has been handed over, but from enquiries made  
at Negapatam I am advised that it will take at least two months  
to obtain the private land unless a special Revenue Officer  
is deputed for the purpose; and I request that you will apply  
for the services of such an officer, as we are prepared to go  
on with the work directly we get the land.

Endorsement thereon No. 984 Mis. dated 10th March 1899

Forwarded to the Collector of Tanjore for

immediate report through the Revenue as to the necessity for the appointment of a Special Revenue Officer either as "Collector" under the Act or to conduct the enquiries and make the reports on which the Collector's awards may be based. In making his proposals in this matter the Collector of Tanjore should have regard to the value and extent of the land to be acquired. The submission of a draft notification of acquisition to the Public Works (Railway) Department of the Secretariat should be expedited.

From

J. Turgg Esq.

Acting Collector of Tanjore

To  
The Secretary to the Commissioners of  
Land Revenue, Madras.

Sir

With reference to Board's Reference  
B. No. 80 dated 13<sup>th</sup> March 1899, I  
have the honor to say that the amount  
of land required for the Railway is  
77.11 acres. A considerable amount is  
poramboke and has already been  
handed over. The Tahsildar informs  
me that, at a very rough estimate,  
50 acres will have to be taken up  
under the Act at a cost of about  
Rs 30,000, that there will be about  
200 awards, and that it would  
take a special officer a month  
to get through the work.  
2. I think it necessary that a  
special

immediate Revenue officer should be  
the appointed as "Collector" under the Act.  
Otherwise there will be delay, and the  
Head Assistant Collector's ordinary  
work will be seriously interfered  
with. If a special Deputy Collector  
be appointed, his services will  
probably be afterwards required  
for acquisition of land for the  
Mayavaram - Mutpet Railway  
extension.

3. The Tahsildar informs me that  
a portion of the Schedule of lands  
will be ready in three or four  
days, and the rest by the first  
week in April. The work has, from  
the first, been regarded as urgent,  
but I find that the Tahsildar  
has been making an enquiry  
into the value of lands and houses  
that was needlessly elaborate  
for the purposes of the prelimi-  
nary valuation statement and  
Jamabundy also has to a certain  
extent

extent interfere with the

Revenue Department.

In reply to your telegram dated 29th instant, I have the honour to say that, though it is of course possible for M. R. Py Mahumanta Row Avergal to attend to the land acquisition work, he can only do so at the expense of his work as Divisional Officer, Pattukkottai. That taluk has suffered a good deal lately from change of officers, and the fact that its charge has been for considerable periods held by the officer, who was doing the work of Personal Assistant and it~~y~~ sadly wants undivided attention. The cost of a special officer will be an almost infinitesimal additional charge to the Railway, and it seems scarcely worth while that the taluk administration should suffer to effect so small a saving for the Railway.
