SIR,

In reply to memorandum No 137 dated 11.2.99, I have the honor to state that the land proposed to be acquired is required for the extension of the East Coast Railway line and not for any Railway feeder road. References to the authority sanctioning the estimated cost of the acquisition are not being hitherto quoted in the case of land required for the Railway and the Executive Engineer, No 1 open line division states that the authority is the same as that on which all the land for the East Coast Railway has been acquired. I have the honor
