Letter from the Agent, South Indian Railway, No. 1083, d/1st December 1898.

With reference to my letter No. 1029, d/16th November, I have the honour to inform you that a considerable portion of the Nagore extension passes through marsh and waste land which it is believed belongs to Government. If the Chief Engineer could be permitted to enter upon Government waste lands in anticipation of formal acquisition, the earthwork of the extension might be proceeded with almost immediately. Should you consider it desirable to adopt this course will you kindly communicate to me the required authority for entry upon Government waste.

(Through the Consulting Engineer for Railways, Madras)

SIR,

With reference to the orders of ~~the~~ Government, no. 1,531 Ry / 13.12.98, sanctioning the construction of a Railway line from Negapatam to Nagore, I have the honor to submit herewith a draft notification under section 6 of the Land Acquisition Act, for formally acquiring Acres 22 - 23 cents of land in Nagore village, exclusive of Acres 30 - 58 cents of Government waste

waste and poramboke land which can be transferred free of cost, and to request that the same may be approved and ordered to be published in the Fort Saint George Gazette.

2. Notification for acres 24 - 30 cents of land has yet to be received and the Head Assistant Collector has promised to send the same soon.

3. As land has to be urgently transferred to the Railway Company, Section 17 of the Act may be made applicable to this acquisition.

4. I have already reported to the Board of Revenue the necessity for the appointment of a special officer for the acquisition of the land, and I have also made a further report this day (vide copies enclosed).

I have the honor to
be, Sir,

Enclosure I

Tanjore Collector's Office,
Camp,
16 March 1899.

FROM
J. Twigg Esquire,
Ag. Collector ~~& District Magistrate~~,
TANJORE.

TO
The Secretary to the Commissioners of Land Revenue
MADRAS.

SIR,

With reference to Board's Ref B No. 80 dated 13 March 1899, I have the honour to say that the amount of land required for the railway is 77·11 acres. A Considerable amount is poramboke and has already been handed over. The Tahsildar informs me that at a very rough Estimate – 50 acres will have to be taken up under the Act, at a cost of about Rs 30,000 that there will be about 200 awards, and that it would take a Special Officer a month to get through the work.

2. I think it necessary that a Special Revenue Officer should be appointed as

as "Collector" under the act. Otherwise there will be delay, and the Head Assistant Collector's ordinary work will be seriously interfered with. If a Special Deputy Collector be appointed his services will probably be afterwards required for acquisition of land for the Mayavaram Muttupet Railway Extension.

3. The Tahsildar informs me that a portion of the Schedule of lands will be ready in three or four days, and the rest by the first week in April. The work has from the first been regarded as urgent but I find that the Tahsildar has been making an enquiry into the value of lands & houses that was needlessly elaborate for the purposes of the preliminary valuation

statement

statement, and jamabandi also has to a certain extent interfered with the work.

I have Etc

(Signed) J. Twigg

SIR,

In continuation of my letters Rc. No. 4871/G+B of 1898 dated 7th April 1899 and 9th April 1899, I have the honor to submit herewith a draft notification under Section 6 of the Land Acquisition Act for acquiring acres 22.22 of land in Negapatam and Thiagarajapuram villages exclusive of 2.8 acres of Government waste land which can be transferred free of cost and to request that the same may be approved and ordered to be published in the Fort Saint George Gazette

2.

2. As land has to be urgently transferred to the Railway company, Section 17 of the Act may be made applicable to this acquisition.

3. The estimated value of the land &c as per draft notification is Rs 23611-12-0 of which Rs 4,756-12-0 represent the value of the 22.22 acres of patta land proposed to be acquired and the remainder Rs 18,855, represent the value of 93 houses 15 wells and ponds and 1773 trees existing on the said land. The Tahsildar's estimates of the value of these properties do not appear to be extravagant.
