STAFF.

Foreman for the Engineering Workshops.

I have placed in the packet a copy of the Chief Engineer's letter, No. S. T./2345, dated 14th November 1898, regarding the appointment of a Covenanted Foreman for the Engineering workshops at Trichinopoly on a salary of Rs. 250 per mensem rising by annual increments of Rs. 25 per mensem to Rs. 350. I concur with Mr. Spalding in the necessity for the creation of such a post, and request the sanction of the Board of Directors to the necessary application being made to the Government of India.

Although the Chief Engineer bases his recommendation upon the additional work that will be thrown upon the workshops in consequence of the construction of the various extensions about to be commenced, I think that apart from this it will be advantageous to the Company's interests, and will facilitate the outturn of the work, if a suitable Foreman can be placed in charge of the shops.
