Read the following paper :—

From—The Agent and Manager, Madras Railway Company.
 To—The Consulting Engineer for Railways, Madras.
 Dated—Madras, 18th July 1899, No. 11861/866.

I have the honour to forward, herewith, an estimate with plan No. 4293-A for the proposed alteration of locomotive sidings at Rayapuram and to request that the sanction of Government may be conveyed to me for the required outlay, Rs. 10,132, chargeable in the proportion of Rs. 6,887 to Capital and Rs. 3,245 to Revenue.

2. A statement showing the details of calculation of the revenue portion of the estimate is also enclosed.

3. The yard is at present unsafe to work, and the changes proposed and which should be carried out at once, are put forward to reduce the danger of working the yard to a minimum.

The necessity for the changes has arisen in consequence of the East Coast trains running into the station. A further and a more comprehensive scheme for improving the traffic lines is under consideration, but the changes proposed under the larger scheme will not clash with the changes rendered necessary and shown on the plan now submitted.

4. Information as to provision in the budget and date on which sanction will lapse is given on the estimate.

5. As the work is of an emergent character, I request that you will kindly sanction the estimate without delay.
