Referring to G.O., No. 17 R., dated 8th January 1896, communicating the sanction of Government of India to the proposed expenditure of Rs. 35,000 from the Fine Fund for the provision of a recreation-room for the Railway employes stationed at Negapatam, I have the honour to inform you that this estimate was based on the accommodation given at Trichinopoly; but, on further consideration of the question of accommodation, it is considered that nothing less than that indicated on the accompanying ferrotype copy of plan No. 309 A./98, will be sufficient to meet the requirements of the much larger number of employes located in Negapatam, and I therefore request sanction to the accompanying estimate No. 2125, amounting to Rs. 41,642, for providing the necessary accommodation.

From the accompanying extract from the Managing Director's letter No. 217 of the 21st October 1898, you will observe that the approval of the Board of Directors has been obtained to the proposed enhanced expenditure.

EXAMINER'S REPLY.

I do not know if it is usual for us to criticize these designs in any way. The accommodation certainly is largely increased from the old design which I forward.

The additional expenditure proposed being over 10% of the expenditure sanctioned by the Govt of India, requires the sanction of that Govt, which may be applied for, if E.R. approves of the estimate now submitted.

The old design referred to in your note is the plan for the Recreation Room at Trichy - the plan for the Regatta Room cannot be found. I think the original design for both buildings must be the same. The Trichy plan therefore will suit our purpose.

Sanction of Govt. may be applied for. When received the expenditure to be made by E.R.

In their letter N^o.

314 A.R. dated 26th April 1894,

(Serial 3) India informed us that the Accountant General had brought to their notice that the assets of the Fine and Guarantee Funds pertaining to the South Indian Railway had not been brought on to the Government accounts of the line and requested that the transactions of these two funds should be taken on to the Government books from 1st May 1894.

In reply we told India (Serial 12) that their orders were carried out but we asked for further orders as regards the appropriation of the large balance of the Fine Fund at 31st December 1890

taken over by Government
from the late Company &
suggested that the Agent might
be invested with full power
as to the administration of
this balance so long as the funds
for expenditure from the fund
were recorded in the Minutes
of official meetings...

India in their no: 714 A.R.
dated 18th December 1894 (Serial 13)
approved of our suggestion but
asked that a reference to them
might be made in important
cases and in which the amount
involved is large..

In accordance with India's
instructions we forwarded for
their sanction an application from
the Agent S. I. Ry for two grants
of Rs. 30,000 each to erect preven-
tion rooms at Trichinopoly and
Negapatam which India sanc-
tioned (G.O. 364 R 285-95-Serial 19)

? What happens
then? It is
not English. Tamil
I suppose. JWS

It was subsequently
discovered that the expenditure
incurred for the room at Nega-
patam would not suffice due
to there being a larger railway
staff at that station.. The
Agent therefore submitted a
revised estimate for Rs 35,000
& India was asked for an addi-
tional grant of Rs 5,000 to meet
the extra outlay which
India sanctioned. (Serial 26)

The Agent now comes
up with a revised estimate
amounting to Rs 41,462
or Rs 11,462 more than the
original estimate ^{+ Rs 6,462 more than the revised estimate} to provide
extra accommodation in
the Recreation room..

As the additional ex-
penditure is over 10% of the
expenditure sanctioned by
the Govt. of India C.R. says
that the sanction of India
should be applied for.
