The Govt. of India called for a revised return for 1896-97, but the Agent refers to the return now submitted in response to the call as that for 1898-99. If this is merely a clerical error and the return is really for 1896-97 the Agent should be asked whether the figures given are actuals or if not what they represent, as they differ from the estimates for that year as given in the rolls as under:–
