Read the following paper:—

From—The Agent and Manager, Madras Railway.

To—The Consulting Engineer for Railways, Madras.

Dated—Madras, 14th August 1899, No. E. 840/995.

I have the honour to forward, herewith, plan (No. 4364) and estimate, amounting to Rs. 22,315, for the proposed additional lines in the Rayapuram yard required for the accommodation of the stock of the East Coast Railway, and to request that you will kindly obtain the sanction of Government to the work being carried out.

2. In May last a Committee consisting of representatives of the Engineering, Traffic and Locomotive departments was appointed to consider the re-arrangement of the Rayapuram yard in consequence of the advent of the East Coast Railway, etc., and that Committee has recommended the provision as an emergent work of 3,000 feet of standing room between the Harbour lines and the sidings, as shown on the plan.

3. We are not at present able to deal with East Coast Railway goods traffic at Rayapuram and have no lines for accommodating the stock of that Railway, and the Manager is pressing me to give him room.

4. When the Harbour block yard is taken over and goods-sheds and sidings are provided, the rails we now propose to lay will be utilized elsewhere.

5. I shall be glad if early sanction can be accorded to the estimate.

6. Information as to provision in the budget and the dates on which sanction will lapse is given on the estimate.

ORDER—No. 959 Ry., dated 26th August 1899.

The estimate, amounting to Rs. 22,315, chargeable in the proportion of Rs. 22,105 to Capital and Rs. 210 to Revenue, for the provision of additional lines in the Rayapuram yard to accommodate the rolling-stock of the East Coast Railway, is sanctioned.

2. This sanction has been registered as No. 13 Ry. of 1899-1900.
