for favor of orders as regards the
balance of Rs 4 12^{refers to} being charged
of to "main tenance & repairs."

BACK PAPERS.

FURTHER PAPER

Letter no. 1918 d/23.10.99 from the Executive Engineer Godavari Western Division to the Superintending Engineer, 1st Field.

The lascars of a Passenger Boat in trying to open the Vizianwaram lock without giving due notice to the lock lascars early in the morning of the 7th Novr. last, broke the rack bar of the left side upper gearing. The rack bar has now been replaced at a cost of Rs. 34-1-2.

At the time of the accident Rs 30 were recovered from the boatman, thus there is a balance of Rs 4-1-2. I request your permission to charge this amount against "Maintenance and Repairs" of the launch as the rack bar broken had been in use for some time, and as the boat owner has been sufficiently punished.

No. 2273 Grad 4. 11. 99.

Copy submitted to the Chief Engineer
for Irrigation for favour of orders.

W. Mackenzie
asst Engineer for
Suptg. Engrs.
