No. 219 I.

Note by the Chief Engineer for Irrigation.

In the accompanying statements submitted by the Superintending Engineer, V Circle, the cost of the maintenance of the floating plant of the Buckingham and Védáranniyam canals for 1900–1901 is estimated at Rs. 680 and Rs. 100, against Rs. 460 and Rs. 100, respectively, for the current year, the increase in the case of the former canal being chiefly due to provision having been made for the upkeep of the steam dredger obtained under the sanction accorded in G.O., No. 404 I., dated 28th April 1897. The estimates may be approved.

(Signed) W. HUGHES,
Chief Engineer for Irrigation.

7th November 1899.

Order—No. 999 I., dated 23rd November 1899.

The estimates of the cost of maintenance of the floating plant of the Buckingham and Védáranniyam canals are approved; Rs. 680 and Rs. 100, respectively, will be provided on this account in the budget estimates for "Minor Works and Navigation" for 1900–1901.
