Report of the Civil Auditor,

The Civil Auditor has the honor to report, that as Mr. W. Fisher, Collector of Canara, had obtained leave of absence for 6 months under Section XIV of the Contingent Civil Service Absence Rules, his return to duty before the expiration of his leave will give him no advantage beyond that of drawing the moiety of salary allowed him at an earlier date than he would if he had continued absent during the whole term of his leave; as a second leave under the above section is not available till 6 years shall have elapsed from the date of return from the previous leave. Under the Notification of 28th September 1857, the present application is not necessary. But as Mr. Fisher was ordered back to India by the Court of Directors, and as the Court have, in their Despatch to the Government of India dated 26th August N^o 116 of 1857, vested the several Indian Governments with discretion to allow without reference to the Rules, Officers who have, like Mr. Fisher, been ordered to return to India before the expiration of their leave, to enjoy the balance

balance of their leave which they have relinquished,
whenever it may be convenient to do so, it may possibly
be Mr. Fisher's object in making his present
application, to avail himself of this privilege in
such case as his leave reckons from the 12th May
and expires with the 5th October, being the date
of his arrival at the port of debarkation, making
a period of 14 months and 25 days, the period
available to be enjoyed hereafter at the pleasure
of the Government is a month and 5 days.
