No. 22. ORDER THEREON, No. 89; dated 23d January 1857.

The Right Honorable the Governor in Council observes from the Accounts Particular submitted in support of the actual charges incurred without estimate in the Agency of the Hill Tracts of Orissa in Fusly 1265, that many of the servants attached to the Agent's Establishment have travelling batta throughout the year, and for several days above "ten days after a halt" which is the limit fixed in the Board's Circular Order dated 1st May 1826, para. 2. The returns further show that two servants called Zemindary Vakeels also received Government batta. Before sanctioning the item of Rupees 1,913-3-3 the amount of batta paid to the Establishment, full explanation must be afforded as to the circumstances under which travelling throughout the year was necessary and batta was paid contrary to the rule quoted. Information must also be furnished what description of servants the Zemindary Vakeels are and by whom they are paid, whether by Government or other individuals, and what is their claim to Government batta.

2. With this exception, the Government sanction the charges incurred by the Agent in Fusly 1265, amounting to Rupees two thousand, five hundred and ninety, anna one pice two as specified below.

Memor.

Rev. 1409

About a year ago Govt.
had under consideration the
whole subject of the auditing
of contingent charges; & after
lengthened discussion on va-
rious points, it was finally
resolved that such charges
should be audited by the Comptroller
instead of by heads of
Departments. The Secy of War fully
agreed to this as respects the
charges heretofore coming to
them, & did also the Comptroller
of Indian Affairs, as to the
more limited number of charges

have to be proposed, or submitted to
Govt, by them - The following are
the principal points in which
the description & order will
be found -

Securities issued. Oct 9/55 - Para 8 to 15
& notes of members thereon -

Em. C. Nov 22/55 - Para 7 to 15 -
Letter from W. of R. Jan 17/56. Para 4 to 6
Em. C. March 20/56. Para 14 to 16 -

2. The W. of R. having
lately sent up for sanction the State
has to form estimates of the actual
charges incurred in F. 1265 both
under sanctioned estimates &
without estimates, a Draft was
prepared & circulated, desiring
that those charges should be referred of

89
6

As to the real
nature of charges
without estimates
see Para 8 of
the memo. of Oct 9/55.
It is to be seen that
though varying in
amount in amount,
they are all very
nearly the same &
rules, & are not
by any means un-
derly discrediting.

by the Cin. And. in accordance
with the Resolution above referred
to; ^{but} this was objected to by the
3rd & 4th members of the fund, as
respecting the charges incurred without estimates
the Council that this course would
necessitate large expenditures from
the control of fund & the W. of R.
3. The system of monthly
Audit not having been entered
in July 1265, (or at least not
for a couple of months past,) I think
it better that the present State
should be kept in the old way;
they could not be sent to the Cin.
And. without throwing censure
on him, as the charges have not
been kept monthly. The Draft
has then been altered accor-
dingly, but I circulate this

must also papers above cited,
with the view of drawing attention
to the orders forming paper, or
I think they must have escaped
recollection when the remarks
of the members of first committee
were formed -

4. Those orders seem to provide
fully for the audit of the charges,
by the Dept. The best qualified
for the duty; and as necessary
the checks of first ^{over them} to which
Elliot alludes, this will still
be secured by the yearly visit
of the C. Auditor directed in Para
15 of the order

5. With this explanation I
have first will allow the order of
Nov. 21/55 to stand - Jan 2/57 -

Extract from the Minutes of Consultation
Under date the December 1856.

List of statements
of actual charges for
Fiscal 1265 incurred in
the Hill Tracts of Arisa
submitted by the Board
of Revenue 24th Novem-
ber 1856.

LL

1. The present
improved state of the
Audit Department
Governor in Council
does not think it ex-
pedient that these
statements should be
submitted to him for
sanction.

The

2. The annual re-
turns submitted from
each collector for con-
tingent, variable and ex-
tra charges are of two des-
criptions viz. Statements
of actual charges incur-
red under and without
Estimate. The former com-
prises items which have
once received sanction of
government in an Estimate,
and the latter consists,
as has been already explain-
ed by the Civil Auditor
in the rules recently cir-
culated by him, of such
charges as are usually in-
curred as a matter of
parent necessity, whether
under some general au-
thority or regulations or
whether according to the

7.
established custom."

3. The government
see no advantage in having
before them statements
of expenditure on account
of contingent charges or
extra Establishment which
have been incurred un-
der Estimate. They there-
fore authorize the Civil
Auditor to pass them and
further concede to him
power to sanction on
good cause being shown
such increase above the
Estimate as may not
exceed five percent in
each item, but the dif-
ference when above
that limit must be
strictly disallowed in
the audit office until
the

the special sanction
of Government is produced.

4. The statement
of charges without an
Estimate must com-
-prise usual ex-
penditure occurring almost
every year resting either
on permanent sanction
or ^{evident} necessity. The
several items comprising
such expenditure have
been detailed by the
Civil Auditor in his
instructions regarding
contingent, extra and
variable charges (para 285). The Civil
Auditor is authorized
to pay these charges
also.

The Board of
Revenue

89/9

Revenue will therefore
be good enough to in-
struct the collectors to
forward to the Civil
Auditor direct the
annual statements al-
luded to from July
1865. The statements
entered in the list re-
corded at the head of
these Proceedings are
ordered to be returned
to them to be similar-
ly disposed of
