Fort Saint George, Revenue Consultation of 6th October 1857.

No. 33. Read the following Extract from the Proceedings of the Board of Revenue, dated 22nd September 1857, No. 3240.

Read again letter from the Acting Collector of Madura, dated 27th February recorded in Consultation 11th March 1857.

Read also letters from the same officer, dated 11th August 1857.

(Here enter No. 181.)

Read the Collector of Coimbatore dated 27th August 1857.

(Here enter No. 130.)

Resolved that the above letters be laid before Government with reference to extract Minutes of Consultation dated 7th August 1856, No. 831, R. D.

1. In Madura, out of 25 enams, which lapsed since 27th *July* 1848, *Circular Order Board* 1848, the Collector has disposed of 6 under the enam *of Rs.*100 *Vol. I. Page* 130. rules, 17 have been reported to the Board and 2 are under enquiry. No lapses appear to have occurred in the sub-division The Head Assistant resides at Ramnad.

2. In Coimbatore, out of 917 lapses, 714 have been continued to the heirs by the Collector, and 203 are reported to be examined. Most of these enams have been long pending enquiry, some from 1848. The Collector will expedite the disposal of the arrears and report all such as come within the description mentioned in para. 9 of the rules as well has all charitable grants, which are not intended to be continued in perpetuity.

3. It is remarkable that out of so large a number of lapses as 714, none have been of such a nature as to require report to the Board and Government. The Board trust that in the disposal of these cases the Collector has not exceeded his authority.

4. The Collector is requested to forward an abstract statement of these enams, showing the nature of the grants, the titles on which they are held and the relationship of the parties to whom the grants have been continued, and the original grantees with a brief note in doubtful cases, of the grounds of the Collector's decision.

5. The Board further remark the great difference in the number of lapses which have occurred in the two Districts above mentioned. A large portion of Madura is held under Zemindary, but this alone will scarcely account for so great a difference. The Board request that the Collectors of these Districts will forward an Abstract of the enam ayeut of each, each description of enam Khyatee, Bhatwarty, &c., being separately shewn.

(A true Extract.)
