Fort St. George, Revenue Consultation of 20th October 1857.

No. 17. Read the following Extract from the Proceedings of the Board of Revenue; dated 6th October 1857, No. 3247.

Read letters from the Collector of South Arcot dated 7th October 1857. 29th January and 9th September 1857.*

(Recorded Nos. 24 and 107.)

1. With the latter first recorded, the Collector submits an application from one Nullasamy Chetty, requesting that a grant of waste land may be made to him for the endowment of a Choultry built by his Brother at a cost of Rupees 5,000.

2. The Choultry in question has been inspected by the Collector himself, and is reported to be one of the best constructed and most commodious of the kind in the District; accommodation is provided for both Hindoos and Sweepers, and there is also an additional detached building available for the use of European Travellers.

3. The Collector considers that its position on the road between Tindivanum and Viravanur renders it an Institution well worthy of support, and looking to the cost of its construction which is not known by the Talookdar, or Rupees 6,000, he recommends the grant, rent free of waste land bearing an annual assessment of Rupees 60.

4. The Choultry, it is observed, was built without the previous sanction of Government, and is not therefore, under the rules entitled to an endowment; but under the circumstances stated, the Board consider the case to be one in which the rule may be relaxed, and beg to recommend that the application be complied with.

(A true Extract.)

(Signed) G. FORBES,

Acting Sub-Secretary.

No. 18. Under extract, No. 1857; dated 16th October 1857.

With these Proceedings, the Board of Revenue submit, with their recommendation, an application from the Collector of South Arcot for a grant of waste land of the annual value of Rupees 60, in endowment of a Choultry lately erected in the Tindivanum taloook of that District.

2. The Board observe as the only deviation from rule, that the previous sanction of Government was not obtained for the erection of the Choultry in question; but the Government remark that it was not their sanction, but the Board's that ought to have been obtained. From the application of Nullasamy Chetty it would appear that the permission of the late Collector was received for the erection of the Choultry, and that officer seems to have failed to obtain the previous sanction of the Board. The Board have omitted to state whether there is any other Choultry on the same road within ten miles of that for which a grant of land is now applied for; nor is the information to be found in the Collector's letter. This point should be ascertained and reported to Government.

3. The Collector's last application, it is to be observed, was received in the Board's office in the early part of February last; and it is to be regretted that so trifling a matter should have occupied the Board during seven months, should have required two applications from the Collector, and should have been submitted to Government after all in an imperfect state.

(Signed) G. FORBES,

Acting Secretary to Government.
