Fort Saint George, Revenue Consultation of 29th October 1857.

No. 5. Read the following Papers.

Extract from the Minutes of Consultation in the Judicial Department under date the 26th February 1857, *No.* 239.

Read the following letter from GEORGE ELLIS, Esq. Register to the Court of Sudr Udalut; to T. PYCROFT, Esq., Chief Secretary to Government, dated 10th February 1857, No. 18.

SIR,

1. I have the honor to acknowledge the receipt of Extract from the Minutes of Consultation under date the 7th January, forwarding copies of a Dispatch from the Honorable the Court of Directors, (12 of 1856,) and of a letter dated the 27th November 1856, from the Under Secretary to the Government of India, and requesting that the Court of Sudr Udalut will with reference to the remarks of the Honorable Court, reconsider the question of Establishment necessary for the new Zillah of Kurnool, and also to report, whether the Establishments of Bellary and Cuddapah can be at all reduced, in consequence of this diminution of the extent of those Districts.

2. In reply, I am desired by the Court of Sudr and Foujdaree Udalut to submit for the consideration of the Right Honorable the Governor in Council, certain statements shewing the amount of Civil and Criminal work devolving on the Civil and Session and Subordinate Courts of Bellary and Cuddapah, and of the Courts of the Government Agency in Kurnool, during the years 1853, 1854, 1855, and the greater part of 1856, (vide Statement A).

3. From Statement B it will be seen that of the whole number of criminal cases committed to the Subordinate Court of Bellary during the period referred to in the foregoing para. from the Talook of Putchapollium, the annual average was little more than 27; from the Talooks of Cumbum, Doopad and Kovilgoontla, to the Subordinate Court of Cuddapah, the average was slightly above 53.

4. By the transfer of the three Talooks from the Collectorate of Cuddapah to that of Kurnool, the distribution of the District Moonsiffs of Cuddapah and Kurnool may, the Court are of opinion, be modified.

5. At present the jurisdiction of the District Moonsiff of Nossum extends over the Talook of Koyilgoontla, and part of Jummulmadoogoo; that of the District Moonsiff of Nundalumpett over one third of Dooveor and part of Budwal; that of the District Moonsiff of Cumbum over Cumbum, Doopad, and a small part of Budwal.

Zillah of Cuddapah.

6. The Court of Sudr Udalut would now propose to remove the Moonsiff of Cumbum to Kurnool with jurisdiction over Cumbum, Doopad, and so much of the District of Kurnool contiguous to these Talooks as may be recommended by the local officers, assigning the small portion of Budwal now under his jurisdiction to that of the District Moonsiff of Nundalumpett, transferring that part of Jummulmadoogoo now under the Moonsiff of Nossum, to the District Moonsiff of Dooveor and abolishing the situation of the District Moonsiff of Nossum, whose services as will presently be stated, can with advantage be employed elsewhere.

7. Statement C shows the number of suits filed in the different Moonsiffs Court of Cuddapah above referred to, during the years 1853, 1854, 1855, and 9 months of 1856.

8. The Court of Sudr Udalut having thus represented the state of the Civil and Criminal files of the Courts affected by the new arrangement which are to be carried out, and the modifications they would propose in regard to the jurisdiction of some of the District Moonsiffs of Cuddapah, are decidedly of opinion, that the diminution of labor which will in consequence take place in the Courts of Bellary and Cuddapah, is not of such a nature as would justify them in proposing any reduction in the establishments of their respective Courts, which are hardly equal to the amount of work they are called upon to perform, and they therefore recommend that these should remain undisturbed. Nor would they at present recommend a reduction of the establishment proposed in this Court's letter of the 13th November 1854, for the new Civil and Session Court at Nundial, which it will be observed, was fixed on the lowest possible scale, viz., equal to the present 5th Class establishments assigned to some of the Civil and Session Courts, as sanctioned in Extract from the Minutes of Consultation, dated the 29th August 1843; as it is believed that be

the transfer of 4 Talooks, and the arrangement proposed for a subsequent period of reducing the powers of the present Karnool Cazee, the extent of the duties that will devolve on the new Court will increase and be equal to those performed in several of the present Courts, whose establishments are of the 5th Class, and have been found to be scarcely adequate to the work required of them, experience will however show whether the proposed establishment can be eventually reduced.

9. The Judicial Establishment of Karnool, being thus put on a different footing from the present, the Court of Sudr Udalut would propose assimilating the designation of the different Subordinate Judicial officers employed in that District, to those employed elsewhere, as also to the same time suggesting such alterations as on consideration of the annexed Civil and Criminal Statements have appeared to the Judges advisable.

10. The present Town Cazee of Karnool has the same jurisdiction in Civil and Criminal matters as the Sudr Ameens in other Zillahs; the Court of Sudr Udalut would therefore with reference to this Court's letter of the 25th July 1853, No. 67, recommend his salary which is now 123 Rupees, being raised to that of a 2nd Class District Moonsiff, with the powers and designation of a District Moonsiff.

11. The Court of Sudr Udalut would recommend the abolition of the offices of the Cazees of Sirwall and Nundial, whose duties as may be seen by reference to Statement A are very light, and adverting to the concluding portion of para. 4 of this letter, they would propose establishing the District Moonsiff of Nossum in the Zillah of Karnool, giving him jurisdiction over the transferred Talooks of Punchapallium and Kovilgoontla, and the Talooks in Karnool contiguous to them, dividing the duty which has hitherto devolved on the Cazees of Sirwall and Nundial, between him and the present Karnool Cazee; this arrangement will impose no heavier work on either of these officers than is performed by the District Moonsiffs in other Zillahs, while at the same time, there will be a saving to Government in the reduction of expenditure, consequent on the abolition of the abovementioned situations, while their present holders could easily be provided with appointments of similar emolument under the new arrangements which are to take place.

12. The Court of Sudr Udalut would take this opportunity, with reference to para. 25 of the Proceedings of the Sudr Udalut, dated 8th July 1853, of suggesting that the establishment of the Civil and Session Court of Chicacole, which is a Court of the 3d Class, and which appears from the Statement D herewith appended, to be larger than its labors require, be reduced to that of a Court of the 5th Class, the servants thrown out of employ by such reduction might be employed in the Zillah Court to be established in the District of Kurnool.

13. The Financial results by the proposed arrangements are as follows:

	Rs.	A.	P.

1. The Sudder Udalut were requested to consider what Judicial Establishments would be required in Kurnool in reference to its proposed enlargement by the addition to it of the talooks of Doopaud, Koilgeontla and Cumbum, to be transferred from Cuddapah and Punchapollium from Bellary, also what reductions could be made in the Establishments of Bellary and Cuddapah in consequence of the diminution in the size of those Zillahs.

2. The Sudder give statements shewing the state of business Civil and Criminal in the Courts of Bellary, Cuddapah and Kurnool during the years 1853-4-5, and the greater part of 1856.

3. The average number of Criminal cases committed during the above period from the talook of Punchapollium to Subordinate Court of Bellary was little more than 27; from the three talooks of Cumbum, Doopaud and Koilgeontla to the Subordinate Court of Cuddapah it was slightly above 38.

4. The Sudder propose some modifications among the District Moonsiff's charges in Cuddapah and Kurnool in consequence of the transfer of the three talooks to the latter District, but they state their decided opinion that no reduction can be made in the Establishments of the Bellary and Cuddapah Courts in consequence of the transfer, as these are hardly equal to their present duties.

5. Nor can they recommend any reduction in the Establishment proposed by them for the Court at Nundial. That Establishment was fixed by them on the lowest possible scale, viz. that of the fifth Class, and the work of the new Court when the 4 talooks are transferred to it and the power of the present Kurnool Cazee reduced will be fully equal to that of many Courts having fifth Class Establishments.

From Acting Register Sudder and Foujdaree Udalut, 13th November 1854.

6. The Sudder propose that the Town Cazee of Kurnool whose Jurisdiction Civil and Criminal is now that of a Sudder Ameen be put on the footing of a second Class District Moonsiff as to powers, salary and Establishment, that the duties of the Cazees of Sirwall and Nundial which are light be divided between the Cazees of Kurnool and the District Moonsiff of Nossum whose range is to be altered.*

7. The Sudder propose also the reduction of the Establishment of the Chicacole Court from the third Class to the fifth.

8. The result will be a monthly increase of Rupees 883—707=181 per mensem or Rupees 2,172 per annum, allowing for the saving 141+97=238 Rupees per mensem from the abolition of the Cazeeships of Sirwall and Nundial. The increase involved in the original proposition submitted by the Court, 13th November 1854, was 423 per mensem, or Rupees 5,076 annually.

9. The Right Honorable the Governor in Council perceives no objection to the arrangements recommended by the Sudder Court, and he resolves to transfer their letter to the Revenue Department in view to their proposals being communicated to the Government of India from that Department together with the result of the reference simultaneously made to the Revenue Board.

With regard however to the Cazeeships of Sirwall and Nundial, he would wish to know at an early date from what source the sums set down Rupees 238 as salaries for those Officers and their Establishments are derived; whether they hold in addition any official enams in land, and if so, of what value, also *in what manner* the Sudder propose (para. 11) to provide for them on the abolition of their present Offices.

(True Extract.)

(Signed) T. PYCROFT,

Chief Secretary.

* Note.—It was proposed some time since to abolish the grade of Moolvy Sudder Ameens. (Extract Minutes of Consultation 12th October 1855.) Sudder Ameens are excluded from the new Code of Procedure, Vide Civil Procedure Code (Tadrat) 1859, Chapter 2, the only grades of Judicial Officers being Zillah Judges, Principal Sudr Ameens, and Moonsiffs.

Judicial Extract Minutes of Consultation dated 26th February 1857, No. 239.

N. B. for Revenue Department.

In sending up these papers to the Supreme Government special authority should be asked for the establishment of the Nundial Court on the footing and with the powers set out in para. 8 of the Acting Register's letter of 13th November 1854, with Jurisdiction over the present agency of Kurnool, the three talooks of Cuddapah and one of Bellary.

(Signed) T. P.

No. 6. Extract from the Proceedings of the Board of Revenue, dated 31st September 1857, No. 2931.

Read the following letters.

In Cons. 3d September 1857.			From the Officiating Agent at Kurnool dated 4th June 1857.
Do.	*do.*	*do.*	From the Collector of Bellary dated 11th April 1857.
Do.	*do.*	*do.*	From the Collector of Cuddapah dated 23d May 1857.

(Here enter Nos. 36, 33, and 50.)

The original proposition for the formation of the new Collectorate of Kurnool contemplated the addition to that District only of the talooks of Punchapollium (now belonging to Bellary) and of Kovilgeontla (now attached to Cuddapah).

2. Put in Extract Minutes Consultation dated 7th January last (Revenue Department No. 29) the Government desired that arrangements should be made for also incorporating with Kurnool the talooks of Cumbum and Doopaud both in Cuddapah District.

3. The revenue of the Districts as thus arranged is shewn in the margin on the average of Fuslies 1264 and 1265. It will there be seen that the revenue of Bellary is reduced to the extent of about Rupees 1,80,000 per annum, and that of Cuddapah by about 5,00,000. Kurnool being increased from Rupees 8,45,465 to 15,27,210.

Districts.	At present.	Revenue of talooks withdrawn.	Under new arrangement.
	Rupees.	Rupees.	Rupees.
Bellary, - - -	24,68,518	1,80,815	22,87,703
Cuddapah, - -	24,70,338	5,00,930	19,69,408
Kurnool, - - -	8,45,465	...	15,27,210

4. The present establishment in Kurnool costs Rupees 1,937 per mensem, and that approved by Government in Extract Minutes Consultation 17th February 1855, Revenue Department, when two talooks only were to be added to Kurnool amounted to Rupees 2,648-8-0, omitting

the "Maramut" Department. The Board's proposals would cost Rupees 4,250, or Rupees 1,363 in excess of present expenditure.

Districts.	Gross Revenue Collections.	Average Revenue.	
	Rupees.	Rupees.	
Guntoor, ...	2,813 8	19,91,334	
Nellore, ...	2,881	20,5,713

Coimbatore, ...	2,862	24,11,117	
Bellary, ...	2,903	24,08,318	Will be 22,87,000
Cuddapah, ...	2,552	21,70,035	Will be 19,70,000

6. It will be seen that the charges vary greatly and are not proportioned exactly to the amount of Revenue in each District. Thus, with Cuddapah with a revenue of 21,70,000 has an establishment costing only 2,832; Bellary with the same revenue has one costing Rupees 2,880. Chingleput again with a revenue of only 11½ lacs has a larger establishment than Cuddapah. The extent and physical features of a District must of course also be taken into consideration; but the variations above noticed cannot be accounted for in such a manner.

7. The Board have scrutinised the charges proposed in Kurnool and they are inclined to suggest various reductions in order to approximate it with other Districts, and this they think may be effected without destroying its efficiency.

8. The tabular Statement submitted by the Officiating Agent is drawn up in the usual manner exhibiting each Department separately. The Board however think this mode of arrangement undesirable when carried to the extent of assigning every servant in an office to some one particular Department. This plan prevails now in every District and it renders it very difficult to institute comparisons between Districts, for one office which appears very weak in some particular Department is in others found to be numerically stronger in the rest.

9. The Board think it preferable to divide each Cutcherry into the following Departments.

1. Sheristah.
2. Accounts and English.
3. Moonshee.
4. Treasury.
5. Records.

and assigning a Head and Deputy to each, to class the other ministerial servants together, with some few exceptions. It would be for the Collector to assign such number of subordinates to each as the varying amount of work might seem to him to require, and this arrangement would enable him without difficulty to transfer the servants from one Department to another so as to make them generally acquainted with the business of the office. The Government and the Board could by this plan have the means of at once comparing one District with another, and the numerous designations now in use for mere ministerial servants could be reduced.

10. In the statement which accompanies these proceedings this mode of arrangement has been followed, and the various alterations now suggested by the Board will be briefly noticed.

Sheristah Department.

11. The Board propose fixing the Deputy Sherishtadar's pay at Rupees 150, which is 10 more than he now receives, and 25 less than proposed by the Officiating Agent. The continuance of this office after the appointment of Deputy Collectors is still under the consideration of Government.

Account and English Department.

12. The Board do not propose any alteration in the Head Accountant's salary, as the office is one requiring ability, experience and trustworthiness. They are not aware however whether

the adoption of the Bengal system of accounts will make the duties of this office lighter and easier than they now are. A competent Translator is necessary, and 70 Rupees in the present state of education in the Provinces is not an unreasonable salary. For the Head writer the Board think 60 Rupees sufficient.

13. In the Moonshee's Department the Board propose making no addition to the Head Moonshee's pay, which is 60 Rupees.

14. In the Treasury Department, the Board propose 80 Rupees for the Treasurer which is the rate in Guntoor when the Collections are much larger than they will be in Kurnool. The Head Shroff they would term Deputy Treasurer and give him 40 Rupees. The other 3 shroffs should receive 20, 18 and 15, respectively.

15. The Record branch they would only modify so far as to have the whole as one Department. The English Record keeper would be the Head of the office.

16. The number of Moonshees, Coomastahs and writers proposed by the Officiating Agent are shown in the following Statement, which also exhibits the alterations suggested by the Board.

	No.	Pay.	Total.	No.	Pay.	Total.

17. The Board would designate all these officers by one name, say "Clerks" or "Writers," and as every department has a Head and Deputy they think the slightly reduced establishment they have proposed will be found sufficient.

18. The peon establishment appears to the Board unnecessarily large for so small a District, and they propose reducing it to the following scale.

* A sweeper is added by the Board to the Magisterial Department.

In the Printing Office the Board think it will be sufficient for the present to entertain a Foreman on 25 Rupees per mensem, the general supervision of the Press being undertaken by the Head Accountant or Writer.

20. The charge for the Revenue Establishment as thus reduced by the Board will amount to Rupees 2,208 per mensem, which is considerably more than the charge in Tinnevelly and Guntoor and nearly as much as that incurred in North Arcot with a revenue 3 times larger, it is hoped however there seems to be a certain amount of miscellaneous duty entrusted to the "Government Agent" renders a larger establishment necessary than would otherwise be the case compared with the future revenue of the District the charge will be 1·75 per cent.

21. In the Magisterial Department, the Board would follow the same course as in Cuddapah. The Head Jawabneviss might be termed Head Moonshee, and the next Deputy Do., they would also propose that the former who ought to be a servant of standing and respectability should receive 50 Rupees per mensem and the latter 35. They would however reduce the class of 17 Rupees to 15. The Peon Establishment they would modify as follows.

Proposed by Agent.				Proposed by Board.

23. Captain Russell has included 8 Taluk Police Moonshees on 10 Rupees each in his statement, but the mere increase of the district does not render this new charge necessary, and the Board therefore leave the matter for consideration hereafter.

24. The establishment* proposed by the Board including the Press Establishment involves an extra monthly charge of Rupees 789½ over and above the present expenditure, and it remains to be considered how much of this can be met by reductions in the Districts of Cuddapah and Bellary.

25. Three of the transferred talooks belong to the former district, and it would be expected that the most considerable reduction could be made in its establishment. The Collector assigns various reasons to the contrary, and the Board on general grounds concur in the conclusion at which he has arrived. The district will still be a large one, it is extremely hilly and woody, and travelling is difficult and tedious. The Board think therefore that for these reasons alone Cuddapah will always require an establishment numerically stronger than is necessary in more open districts. In reality however the present establishment is a moderate one and is smaller than that of Chingleput. The Board do not therefore propose that any reduction should be made in Cuddapah in consequence of the change under consideration.

26. The Bellary establishment is a large one, and as a recent letter from the Collector has shown is sufficient both to carry on current business and also to undertake a considerable portion of the extra work entailed by the revision of assessment now in progress. Mr. Pelly in his letter states that in consequence of the discontinuance of the temporary Jamedundy Goomastahs, the reductions necessitated by the establishment of a Printing Press and the proposed formation of a new taluk, he cannot dispense with any of his servants. The Board remark that the first two circumstances are not peculiar to Bellary. The temporary Goomastahs have been discontinued in consequence of the simplification of accounts, the abolition of the cutcherry, &c., changes which have to a greater or less extent reduced the work hitherto performed by these servants. The Printing Press in like manner considerably relieves a Collector's Cutcherry. The Board cannot therefore admit either of these reasons, and they observe with regard to the third that the formation of the new taluk (which subject will be separately submitted for the orders of Government) involves no alteration in the Hoozoor Establishment. The Board think that a reduction of about 300 Rupees monthly may safely be effected in the Bellary District; but this cannot be done at present for the new establishment applied for in order to carry out the pending revision of assessment has been fixed on the supposition that no change would be made in the ordinary establishment. Besides the usual Heads of Departments there are in Bellary an Assistant Sheristadar on 150 Rupees per mensem and 58 Goomastahs, &c., drawing in the aggregate Rupees 1,143 per mensem. The Board think the former office may be abolished when the revision of assessment has been completed, and that a reduction of about 150 Rupees per mensem may also be made among the subordinate servants. The additional expense consequent on the formation of the new district would thus be about 500 Rupees monthly for office establishment.

27. The Board will address Government separately regarding the interchange of separate villages amongst the 3 districts under consideration, and the Officiating Agent's proposal to increase the salaries of some of his taluk servants. These arrangements will not affect the present proposition or involve any addition to the Hoozoor Establishment.

28. The Board beg to be informed of the intentions of Government in regard to the Sub-Collector of Cuddapah. Even after the withdrawal of 3 talooks that district will still, in the Board's opinion, require an officer of that grade, and they cannot support the Collector's suggestion for the appointment of a Special Assistant instead, a proposal which Mr. Murray seems himself to make with considerable diffidence.

29. The Board would remark in conclusion, that it would be desirable to revise the establishments of the districts generally; but as this matter is no doubt engaging Mr. Ricketts' attention, they abstain from undertaking the task at present.

No. 7. Orders thereon, No. 1080, dated 20th October 1857.

1. These papers relate to the Judicial and Revenue Establishments which it will be necessary to organize, consequent on the formation of Kurnool into a Zillah and Collectorate, with portions of the adjoining Districts of Cuddapah and Bellary.

2. The proposition for the formation of Kurnool into a Zillah and Collectorate, was submitted to the Government of India, in a letter dated 27th April 1855, No. 438. It was then contemplated that only the talooks of Panchapollum in Bellary, and Koilcoontla in Cuddapah, should be added to the Province of Kurnool; and it was intimated that the additional annual expenses which the arrangement would involve, would be Rupees 12,624 as shown below.

3. The plan proposed by this Government was objected to, on the score of expense, by the Government of India,* who suggested that Kurnool with such additions as might be thought expedient, should be constituted a Sub-Collectorate, and that a Principal Sudr Ameen's Court should be established for the new District. In this proposition the Madras Government, for the reasons fully stated in their reply dated 12th January 1856, expressed their inability to concur; and the Government of India thereupon intimated,† that they would refer the plan proposed by this Government for the favorable consideration of the Honorable Court, who accordingly, in a despatch dated 8th October 1856, No. 12, sanctioned the formation of Kurnool into a regular Zillah and Collectorate.

4. With reference to this despatch, of which a copy was forwarded by the Honorable Court for the information of this Government, the Supreme Government requested‡ to be furnished with a detailed scheme of the requisite establishment; and as this Government had resolved, on further consideration, to transfer to Kurnool two other talooks from Cuddapah, viz. those of Doopaud and Cumbum, the Sudr Udalut and the Board of Revenue were respectively§ requested to reconsider the question of establishments, in adherence to this proposed enlargement of the limits of Kurnool, and with reference to the remarks of the Honorable Court, and to report whether the establishments of Bellary and Cuddapah could be at all reduced, in consequence of the diminution in the extent of those Districts.

5. The Extract in the Minutes of Consultation in the Judicial Department, above recorded, transfers to this Department the reply of the Sudr Udalut, and approves of the arrangements therein suggested regarding the establishment required for the new Zillah. It remains therefore

to consider the proposition of the Board of Revenue relative to the requisite establishment for the Collectorate of Kurnool.

mensem, omitting the Mahanad Department; but the actual difference was Rupees 712-1-4 or if the proposed increase in the Mahanad Department be added, Rupees 861-4, as stated in that Extract. The Board appear also to have overlooked the pension subsequently supplied by the Acting Agent, and brought to notice in their Proceedings of the 5th April 1855, by which the difference was augmented to Rupees 861-4, including the increase in the Mahanad Department, and which was stated to be the additional amount required in the letter to the Government of India of the 27th April 1855. The establishment now proposed by the Officiating Agent amounts to Rupees 3,953, or Rupees 1,315 in excess of present expenditure.

7. The Board consider the Revenue portion of the new establishment, which, with the servants to be attached to the proposed printing office, amounts to Rupees 2,654,‡ to be large, as compared with the establishments of other Districts; and they state that they are inclined to suggest various reductions, in order to approximate it with those establishments. But before proceeding to detail the reductions they would recommend, they advert to the mode in which the Tabular Statement, submitted by the Officiating Agent, is drawn up, exhibiting each department separately; and this arrangement they consider undesirable, when carried to the extent of assigning every servant in an office to some one particular Department. They therefore propose to divide the Cutcherry establishment into certain Departments, and, assigning a head and Deputy to each, to class the other ministerial servants together, with some few exceptions; and this arrangement they have adopted in the tabular Statement which accompanies their proceedings.

8. The Government have considered the arrangement advocated by the Board, but they are unable to see its advantages. When no establishment in a Cutcherry is fixed, the head of each Department will be always endeavoring to obtain more of the general establishment for his own particular Department; and this state of things is likely to create dissatisfaction, and to impede the business of the office. Besides, the advantages which the Board anticipate from the arrangement, are not very great. They are, 1st, that the Collector will thus be enabled to apportion his writers and goomastahs to the several departments at his discretion; and 2ndly, that the transfer of the Cutcherry servants from one Department to another, will tend to qualify them in the business of all the departments, but this, the Government apprehend, is far more likely to lead to

their being well qualified to serve. It appears to them necessary that a Head Accountant should be entertained, and they leave the arrangement that now obtains, unchanged.

9. The Government proceed to notice the alterations and reductions recommended by the Board in the establishment proposed by the Collector. The Board recommend that the pay of the Nain Sheristadar should be fixed at 150 Rupees, being 10 Rupees more than the present pay, and 25 Rupees less than the amount proposed by the Officiating Agent. But the Government regret that, under the orders of the Honorable Court against the augmentation of the salaries of the present establishment, they cannot recommend the proposed increase to the Government of India. For the same reason, they are unable to accept the increase proposed to the salaries of the Head Accountant, the Head Writer, and the Deputy Moonshee. The only case in which they are of opinion that an exception may be advantageously made, is the Cashkeeper or Treasurer, whose duties will be more responsible than those they now perform at present; and 100 Rupees a month, as proposed by the Officiating Agent, will not be more than ought fairly to be given to a servant, through whose hands there will annually pass the sum of 15,27,000 Rupees. For the same reason, the Government will not object to the increase of 10 Rupees proposed by the Board to be given to the Head Sircar, who is to be Assistant Deputy Cashkeeper or Treasurer. The Record Department is obviously on an insufficient footing, and the Government approve of its being modified as suggested by the Board.

10. The number of Moonshees, Goomastahs and Writers, proposed by the Officiating Agent, are reduced by the Board from 43 servants, with an aggregate salary of Rupees 1677 to 40, with a salary of Rupees 860. The Peon Establishment the Board consider to be unnecessarily large, and they propose reducing the number from 61, at a cost of Rupees 577 to 39, at a cost of Rupees 396. The Board also reduce the number of miscellaneous servants proposed by the Agent from 16 to 11, at a saving of 18 Rupees. In the Printing Establishment, they consider that it will be sufficient for the present to entertain a Foreman on 25 Rupees per mensem, leaving the general supervision of the press to be undertaken by the Head Accountant, or Writer.

11. In the Magisterial Department, the Board have reduced the Establishment proposed by the Officiating Agent from Rupees 593 to Rupees 465-8-0. Both the Agent and the Board have assigned a Jemadar to this Department, but as one has been allotted to the Revenue Department, the Government consider two servants of this grade to be unnecessary. One Jemadar should have the supervision of all the Peons in both Departments.

12. With the exception noticed by Government, the arrangement, as regards number and salaries, proposed by the Board, is judicious and sufficient for the object in view. But for the reasons stated in a preceding para, the Government are of opinion that the Writers, Goomastahs and Moonshees, being 40 servants in all, should be allotted to the several Departments of Sheristah, English, Moonshee and Treasury; and the Government would suggest the following arrangement.

No.	Sheristah.	Rs.	No.	English.	Rs.	No.	Moonshee.	Rs.	No.	Treasury.	Rs.

14. The establishment proposed by the Board for the Revenue Department, amounts to Rupees 2,208. Deducting the difference between the increase to the pay of certain servants then allowed by Government, and the increase to the pay of the Cashkeeper proposed by the Agent, and specially admitted, the establishment for the Revenue Department, as modified by Government, is Rupees 25 below that proposed by the Board, as shown in the margin. In the Magisterial Department, a Jemadar has been disallowed by Government as being unnecessary, and the cost of that establishment is in consequence reduced from Rupees 465-8 to Rupees 443-8. The total additional establishment for which sanction is required, including that proposed for the press, is Rupees 744-8 per mensem, as shown below.

15. In para. 25 the Board advert to the question whether any reductions can be made in the establishments of Cuddapah and Bellary, in consequence of the proposed diminution in the extent of those Districts, and express their concurrence in the opinion of the Collector that no reduction can be made in the former District. In this opinion the Government entirely coincide. Cuddapah is manifestly undergarved, as brought to notice in the Board's Proceedings of the 6th September 1856, in which it was proposed to increase the number of Cutcherries in that District, by taking them from Bellary, Nellore and Guntoor. But the case is different as regards Bellary, which is known to have a large establishment, and the Government concur with the Board that the reduction of 300 Rupees per mensem proposed by them in para. 26, may safely be effected, after the present alteration of assessment has been carried out.

16. With reference to the enquiry in para. 23, the Government have no intention of abolishing the office of Sub-Collector of Cuddapah. Even without the three talooks now to be united to Kurnool, it will be a very extensive Province; and bordering, as it does, on six other Provinces, is peculiarly exposed to the incursions of gangs of robbers. To form Kurnool into a Collectorate, and to abolish the Sub-Collectorate of Cuddapah, would be only making the former Province efficient at the expense of the latter. The only change necessary will be the allotment of a new charge to the Sub-Collector; and the Government would recommend that he should undertake the southern talooks of the District, as most remote from the Collector's personal superintendence. The country forming the Balaghat of Cuddapah would make a very distinct and convenient charge.

17. The Government resolve to forward a copy of these Proceedings, together with a transcript of the Minute of Consultation, to the Secretary to the Government of India, with a request that sanction may be granted for the establishments required for the Creation of Kurnool into a Zillah and Collectorate, with additions from the adjoining Districts of Cuddapah and Bellary, and that under the provisions of Section LIII, Act VII. of 1843, authority may be granted for the establishments hereinafter mentioned to be entertained for the ensuing year, for which the additional expenditure is calculated as shown below, viz.

* *Recorded in Consultation 19th February, and forwarded to the Government of India in letter dated 27th April 1855.*

18. In their letter of the 15th November 1854,* the Sudr Udalut have recommended that the new Court be constituted according to the provisions of Section XLV. of Act VII. of 1843, the Civil and Sessions Judge being authorized to exercise the Civil and Criminal jurisdiction assigned to the Subordinate Civil and Criminal Courts constituted according to Regulations I. and II., or Regulations VII. and VIII. of 1827, but less the proper Civil and Criminal jurisdiction of the Zillah Court, as well as to take cognizance immediately of Criminal cases within the jurisdiction of Session Judge, as they are sent up by the Police and Magistracy." The Government proposes, on the receipt of the sanction of the Government of India for the establishment of a Civil and Sessions Court at Nundial, to issue, by an order in Council, through the Judicial Department, the necessary instructions to the effect above indicated.

19. Resolved that the Clerk of the Legislative Council of India be requested, with reference to the correspondence noted in the margin, to move the Council to take the necessary measures for passing into law the bill, submitted with letter dated 27th April 1855, for repealing Act X. of 1843, and for declaring the Districts of Kurnool subject to the Regulations in force for the administration of justice and collection of the revenue in the several Zillahs and Collectorates under the Presidency of Fort Saint George.

Ordered in consequence that the following letters be despatched.

No. 8. From H. FORBES, Esq., Acting Secretary to the Government of Fort St. George; to the Secretary to the Government of India; dated 22d October 1857, No. 1051.

SIR,

1. With reference to Mr. Officiating Under Secretary Chapman's letter of the 27th November last, No. 1311, I am directed by the Right Honorable the Governor in Council to forward the accompanying communications from the Court of Sudr Udalut and the Board of Revenue, together with an Extract from the Minutes of Consultation of this date, regarding the establishments required for the Creation of Kurnool into a regular Zillah and Collectorate, with portions of the adjoining Districts of Cuddapah and Bellary.

10th February 1857, No. 18.

2. The proposition for the formation of Kurnool into a Zillah and Collectorate was submitted to the Government of India in Mr. Bourdillon's letter of the 27th April 1855, No. 495. It was then contemplated that only the talooks of Panchapollium in Bellary, and Koilgoontla in Cuddapah, should be added to the Province of Kurnool; and it was intimated that the additional annual expenditure which the arrangement would involve, would be Rupees 40,691 as shown below.

3. This Government having however, on further consideration and in consequence of a Minute recorded by the Right Honorable the Governor when at Kurnool in the course of a tour through the provinces deemed it desirable to transfer to Kurnool two other talooks from Cuddapah, viz. those of Goopaud and Cumbum, the Sudr Udalut and the Board of Revenue were respectively requested to reconsider the question of establishments, in advertance to this proposed enlargement of the limits of Kurnool, and with reference to the remarks of the Honorable Court in their despatch No. 12 of 1856, referred to in Mr. Chapman's letter, and to report whether the establishments of Bellary and Cuddapah could be at all reduced, in consequence of the diminution in the extent of those districts. The communications now transmitted from the Sudr Udalut and the Board of Revenue, are the replies to this reference respectively submitted by the authorities.

4. The Sudr Udalut forward Statements showing the state of business, Civil and Criminal in the Courts of Bellary, Cuddapah and Kurnool, during the years 1853-4-5, and the greater part of 1856. They point out that the average number of Criminal cases committed during the above period to the Subordinate Court of Bellary from the talook of Panchapollium, was little more than 37; and to the Subordinate Court of Cuddapah, from the talooks of Cumbum, Goopaud and Koilgoontla, slightly above 38. They propose some modifications among the Establishment Moonsiffs' charges in Cuddapah and Kurnool, by which

Vide letter to the address of the Government of India, dated 31st October (1857, No. 168).

(Signed) H. FORBES,
Acting Secretary to Government.

No. 9. From H. FORBES, Esq., Acting Secretary to the Government of Fort St. George, to W. MORGAN, Esq., Clerk to the Council of Ceylon, dated 5th December 1857, No. 1982.

Sir,

To the Honorable D. Elliot, Esq., 27th April 1857, with the papers noted in the margin.
From do. 8th May do. Right Honorable the Governor in Council
To do. 30th do. do. to forward the accompanying copy of an order from the Secretary of State for India,

and of a letter to the Government of India of this date, on the subject of the proposed division of Kurnool into a Zillah and Collectorate, and to request that in the event of the Government of India approving the arrangements which have been recommended by the Commissioner, which you will be pleased to ascertain, you will take the necessary measures for having the Act introduced with Mr. Bourdillon's letter of the 27th April 1855, noted in the margin.

I have the following letter from GEORGE TELLS, Esq., Registrar to the Court of Sudr Udalut, to C. LYCETT, Esq., Chief Secretary to Government, dated 10th February 1857, No. 18.

Sir,

1. I have the honor to acknowledge the receipt of Extract from the Minutes of Consultation, under date the 7th January, 1857, noting a reference from the Honorable the Court of Directors, dated 12th November 1856, No. 9, and enclosing copies of a Despatch from the Government of India, dated the 21st November 1856, No. 10, and of a letter from the Government of Bombay, dated the 6th of September 1856, No. 11, on the subject of the proposed new Zillah at Kurnool, and also to report, with the Commissioner of Ceded Districts, the nature of the reductions in consequence of this alteration of the Courts of Judicature.

2. In reply, I am desired to state, that the Court of Sudr Udalut, after full consideration of the Right Honorable the Governor in Council's letter, and the accompanying papers, do not consider that the establishment of a Court of Sessions at Kurnool, as proposed by the Government of India, is necessary, and that the Court of Sessions at Bellary and Cuddapah will be sufficient for the wants of the district.

3. From Statement B, which the Court have called for from the Judges of the Sessions Courts of Bellary and Cuddapah, it appears that the number of persons committed to the Sessions Court of Bellary during the last three years was 107, and to the Sessions Court of Cuddapah 98.

4. In the event of the three Taluks from the Cuddapah Collectorate being transferred to Kurnool, the Court are of opinion, the jurisdiction of the Sessions Judge of Cuddapah should not be altered.

5. At present the jurisdiction of the District Moonsiff of Nossum extends over the Taluk of Koilkoontla, and part of Jummulmadugoo, part of the District of Cuddapah, and part of the District Moonsiff of Cumbum extends over the Taluk of Dupad and part of Budwal, both of Cuddapah. The Court are of opinion, that the Moonsiff of Nossum should retain the Taluk of Koilkoontla, and part of Jummulmadugoo, part of the District of Cuddapah, and that the District Moonsiff of Cumbum should retain the Taluk of Dupad and part of Budwal, both of Cuddapah, and a small part of Kurnool.

6. The Court of Sudr Udalut would now propose to restore the Moonsiff of Cumbum to be Karnool with jurisdiction over Cumbum, Dupad, and so much of the District of Karnool contiguous to these Taluks as may be recommended by the local Officers, assigning the small portion of Budwal now under his jurisdiction to that of the District Moonsiff of Kundalampatti, transferring that part of Jummulmadugoo now under the Moonsiff of Nossum, to the District Moonsiff of Dooncor, and abolishing the situation of the District Moonsiff of Nossum, whose services as will presently be stated, can with advantage be employed elsewhere.

7. Statement C shows the number of suits filed in the different Moonsiffs Courts of Cuddapah above referred to, during the years 1853, 1854, 1855, and 11 months of 1856.

8. The Court of Sudr Udalut having thus represented the state of the Civil and Criminal Courts affected by the new arrangement which are to be carried out, and the modifications they would propose in regard to the jurisdiction of some of the District Moonsiffs of Cuddapah, are decidedly of opinion, that the diminution of labor which will in consequence take place in the Courts of Bellary and Cuddapah, is not of such a nature as would justify them in proposing any reduction in the establishments of their respective Courts, which are hardly equal to the amount of work they are called upon to perform, and they, therefore, recommend that these should remain undisturbed. Nor would they at present recommend a reduction of the establishment proposed in this Court's letter of the 13th November 1856, for the new Civil and Session Court at Nundial, which it will be observed, was fixed on the lowest possible scale, viz., equal to the establishment of 5th Class establishments assigned to some of the Civil and Session Courts, as appears from Extract from the Minutes of Consultation, dated the 29th August 1845, as it is believed that the transfer of 4 Taluks, and the arrangement proposed in a subsequent paragraph of relieving the Courts of the present Karnool Court, the extent of the duties that will devolve on the new Court will be more or less equal to those performed in several of the present Courts, whose establishments are of the 5th Class and have been found to be scarcely adequate to the work required of them; experience will however show whether the proposed Establishment can be eventually reduced.

9. The Judicial Establishment of Karnool being thus put on a different footing from the present, the Court of Sudder Udalut would propose assimilating the designation of the different

No. 230.

Extract from the Minutes of Consultation, under date the 20th February 1857.

Read the following letter from the Register of the Sudder Court.

Replying to the Extract Minutes of Consultation, dated 7th January 1857, forwarding copies of a Despatch from the Honorable Court of Directors (No. 11 of 1856) and a letter dated 27th November 1856 from the Under Secretary to the Government of India, and requesting that the Court of Sudder Adawlut will with reference to the remarks of the Honorable Court reconsider the question of Establishments necessary for the new Zillah of Kurnool, and also to report whether the Establishments of Bellary and Cuddapah can be still reduced in consequence of the formation of the extent of those Districts.

[Here enter 16th February 1857, No. 18.]

1. The Sudder Adalut were requested to consider what Judicial Establishments would be required in *Kurnool* in reference to its proposed enlargement by the addition of the Talooks of Doopaud, Koilgoontla and Cumbum, to be transferred from Cuddapah and Pundapollium from Bellary, also what reductions could be made in the Establishments of Bellary and Cuddapah in consequence of the diminution in the size of those Zillahs.

2. The Sudder give statements showing the state of business Civil and Criminal in the Courts of Bellary, Cuddapah and Kurnool during the years 1853-4-5 and the first half of 1856.

3. The average number of Criminal cases committed during the above period from the Talook of Pundapollium to the Subordinate Court of Bellary was little more than 30, from the three Talooks of Cumbum, Doopaud and Koilgoontla to the Subordinate Courts of Cuddapah it was slightly above 38.

4. The Sudder propose some modifications among the Deputy Moonsiffs' Courts in Cuddapah and Kurnool in consequence of the transfer of the three Talooks to the latter District, but they state their decided opinion that no reduction can be made in the Establishments of the Bellary and Cuddapah Courts in consequence of the transfer, as these are hardly equal to their present duties.

5. Nor can they recommend any reduction in the Establishment proposed by them for the Court at Nundial. That Establishment was fixed in 1853 on the lowest possible scale, viz. that of the fifth Class, and the work of the new Court when the 6 Talooks are transferred to it and the power of the present Kurnool Cazee reduced will be fully equal to that of many Courts having such Class Establishments.

From Acting Registrar Sudder and Foujdaree Adawlut, 15th November 1854

6. The Sudder propose that the Town Cazee of Kurnool whose Jurisdiction Civil and Criminal is now that of a Sudder Ameen be put on the footing of a second Class District Moonsiff as to powers, salary and Establishment, that the duties of the Cazees of Sirwall and Nundial which are light be divided between the Cazee of Kurnool and the District Moonsiff of Nundial whose range is to be altered.*

7. The Sudder propose also the retention of the Establishment of the Chundoor Court from the third Class to the fifth.

8. The result will be a monthly increase of Rupees 895—487=181 per annum or Rupees 2172 per annum, allowing for the saving 141 + 97=238 Rupees per annum from the abolition of the Cazeeships of Sirwall and Nundial. The increase involved in the scheme originally submitted by the Court, 13th November 1854, was 423 per annum, or Rupees 5076 annually.

9. The Right Honorable the Governor in Council perceives no objection to the Establishments recommended by the Sudder Court, and he resolves to transfer their letter to the Revenue Department in view to their proposals being communicated to the Government of India by that Department together with the result of the reference simultaneously made to the Board of Revenue.
