No. 11. Read the following letter *from J. D. SIM, Esq., Acting Secretary to the Board of Revenue; to the Secretary to Government Revenue Department; dated Fort St. George; 10th December* 1856, *No.* 4139.

SIR,

With reference to the Board's Proceedings dated 18th July last; No. 2260, and the order of Government thereon dated 22d August, No. 885 following, I am directed by the Board of Revenue to submit, for the information of the Right Honorable the Governor in Council, the further correspondence which has passed between them and the Collector of Canara, on the subject of the rules for bonding Salt imported from Bombay on private trade.

To Collector of Canara 18th July 1856.
From do. 24th July in Cons. 4th Sept. „
Board's Proceedings 4th September „
From Canara 15th Sept. in Cons. 8th December 1856.

2. The points on which the Board sought further information from the Collector were 1st as to what buildings he contemplated placing at the disposal of the Salt Merchants for bonding Salt; 2d, as to what quantity they were capable of containing, and 3dly, whether the rent he proposed to fix, viz., 1 annas per Garce per annum, was adequate.

3. From Mr. Fisher's replies the Board learn that he referred to the buildings at Mangalore, Buntwal, Pane Mangalore and Cussergode now occupied by Bombay Salt belonging to Government, but which will become vacant when the importation of that article on account of the Monopoly ceases and that the space available will suffice for storing upwards of eleven hundred Garces of Salt.

4. The Collector also explains that he has fixed the rate for Godown rent at as low an amount as would pay the interest on the value of the buildings and the cost of repairs; but the Merchant will be expected to pay upon the capacity of the compartment he may hire and not on the quantity of salt he may store. This condition will not however be attended with any hardship, as the Collector states that the Cotaurs may be readily divided into compartments to suit the convenience of the trade.

5. The Board suggest that para. 2 of the Rules for bonding Salt, enclosed in the Collector's letter of 4th July 1856, may be altered as follows, to prevent any misconception on this point and the word "Terms" in the heading might also be changed to "Rules."

In Cons. 18th July 1856.

"Rule 2d storing room will, as far as practicable, be placed at the disposal of importers, at the several Depots, on payment of a rent of 4 annas per annum for each Garce, the building or compartment engaged is capable of containing."

6. The Board recommend that with the slight alterations proposed above, the rules alluded to may receive the sanction of Government.

7. The bonding system is attended with so many obvious inconveniences that the Board intend to ask the Collector, whether recourse to it may not be obviated by allowing importers to deposit security for the amount of duty in the same manner as it is intended to permit parties to purchase Monopoly salt on security. The Board see no difficulty in extending this principle to the duty on imported salt, and it would relieve the Collector of the labor &c. involved by the joint custody of salt in bond, the risk of smuggling &c.

8. The rules regarding the purchase of Monopoly salt however are still under consideration, and the Board do not think it advisable to delay the present proposition.

No. 12. ORDER THEREON, *No.* 6; *dated 3d January* 1857.

1. In their proceedings dated 18th July 1856, the Board of Revenue forwarded for the consideration of Government a letter from the Collector of Canara dated July 4th submitting rules for the bonding of Salt imported by private traders.

Fort Saint George, Revenue Consultation of 6th January 1857.

2. In para. 9. of Extract Minutes Consultation 22d August 1856 the Government were of opinion that the Rules proposed for bonding were in general judicious and sufficient, but they deferred passing a final judgment until they received the further information which had been called for from the Collector with reference to the rate of rent and the engagement to provide the Merchant with Godown room. The Secretary to the Board of Revenue in his letter to Government of 10th December 1856 submits the required information and communicates the Board's recommendation that the Rules as modified by them should receive the sanction of Government.

3. The points on which the Board sought further information from the Collector are stated in para. 2 of Mr. Sim's letter to be

1stly, as to the buildings available for bonding salt.

2ndly, as to the quantity they would contain, and

3rdly, as to the rent that should be fixed.

4. Mr. Fisher states that the buildings in which Bombay Salt is now stored on behalf of Government are capable of containing about 11,000 Garces, and will be available for bonding the salt when the monopoly ceases.

5. These godowns are to be rented to the merchants according to the space engaged, and not according to the quantity of salt stored, and they will be so sub-divided into compartments as to suit the convenience of the trade. The rate of the rent is to be 4 Annas per annum for a space calculated to hold a Garce.

6. The Government sanction the adoption of Mr. Fisher's Rules with the slight verbal alteration proposed by the Board and they will be glad to receive information from time to time as to their effect.

7. The Governor in Council approves the Board's intention to consider the practicability of substituting for the bonding system, one by which security to the amount of the duty payable on the salt imported is to be taken from the renter, as already sanctioned in the case of monopoly salt carried by the Railway. The Board's attention, it is observed, was called to this subject in para. 9 of Extract Minutes Consultation August 22d 1856.

Secretary to Government.

Sir

Adverting to your letter dated

Recd. 18th July 1856.

4th July 1856, N° 78, I am directed by the Board of Revenue to request that you will explain what buildings you had contemplated placing at the disposal of Merchants applying to Bond Salt at Mangalore and other places, and what quantity of Salt they are capable of containing.

2. In the 2nd of the rules which accompanied your letter, it is proposed to provide the Merchant with ware-house room at the rate of ¼ Annas per Garce per Annum; the Board observe however that

Canara

that on the occasion of permission being applied for by your Predecessor to Bond Salt at Ameola, he proposed that the Merchant should himself provide ware house room.

See his letter dated 27th October in para. 4th December 1854.

3. Some explanation is also desirable regarding the very low rate of Godown rent (¼ Annas per Garee) which you propose to demand.

4. I am further directed to mention that your letter now under acknowledgment has been laid before the Government, and that the necessary instructions for future arrangements will be communicated to you in due course.

Revenue Board Office, Fort St. George, 18th July 1850.
