Fort Saint George, Revenue Consultation of 3d *November* 1857.

Read the following letters received through the Board of Revenue.

No. 3. From C. PELLY, Esq., Collector of Bellary; to J. D. SIM, Esq., Acting Secretary to the Board of Revenue, Fort Saint George; dated Bellary 6th October 1857, No. 120.

SIR,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue under date the 2d Instant, No. 3319, communicating Extract Minutes Consultation of 1st Idem, No. 1012, on the subject of Medical Subordinates required for service in Bengal, and directing Collectors to report what Medical Subordinates are in civil employ in their respective Districts, and how many of them can be spared for Bengal service.

2. In reply, I beg to report that there are but 2 Medical Subordinates in this District, viz. 1 Apothecary attached to the Collector's Department, and 1 Assistant Apothecary to the Sub-Collector's Department; and therefore none can be conveniently spared for service in Bengal.

No. 4. From M. MURRAY, Esq., Collector of Cuddapah; to J. D. SIM, Esq., Acting Secretary to the Board of Revenue, Fort Saint George; dated Cuddapah 7th October 1857, No. 108.

SIR,

1. I have the honor to acknowledge the receipt of Extract Minutes of Consultation dated the 1st Instant, No. 1012, together with the orders of the Board of Revenue, calling upon all Collectors and the Agent at Kurnool to report immediately what number of Medical Subordinates are in the civil employ in their Districts, and how many of them can be spared for service in Bengal, and to state, that the 2d Dresser Sashachellum, has been attached after long service in the Military Department, to the Collectorate of Cuddapah; he is a person of, I believe, 20 years standing and has made himself very useful in treating Medical cases amongst the Ryots as well as the public servants and their families whilst on circuit with me in the District, and as I have to move about for 6 months in the year, a pensioned Dresser will not be able to supply his place, were he removed; I would therefore, submit for the consideration of the Board that his services may be retained in the situation which he now holds.

2. To the Sub-Collector, a 2d Dresser is attached, and his permanent station is Cumbum, which forms one of the 3 talooks constituting the Sub-Division; so that the travelling of the Sub-Collector not being very great and there being an Assistant Apothecary and a Dresser attached to the garrison there, his services might be placed at the disposal of the Commander-in-Chief and the vacancy filled up by a pensioned Dresser.

3. As there is an Assistant Apothecary attached to the garrison, which consists of only a company of men and one European officer, the necessity for a Dresser and an Apothecary is not apparent, he might, without any inconvenience to the Military establishment, be transferred to more active duties, but if the presence of a Dresser as well as an Assistant Apothecary be deemed requisite by the Military authorities, his duties might be fulfilled by a pensioned Dresser. By this means two efficient Dressers might be placed at the disposal of the Commander-in-Chief for service in Bengal.

No. 5. From J. BIRD, Esq., Collector of Trichinopoly; to J. D. SIM, Esq., Acting Secretary to the Board of Revenue, Fort Saint George; dated Trichinopoly 7th October 1857, No. 125.

SIR,

Para. 1. I do myself the honor to acknowledge receipt of Circular No. 3319 with Extract from the Proceedings of the Board dated the 2d Instant, and to report the number of Medical Subordinates in civil employ in this district.

2. There are three Dressers in Civil employ. Two at the Civil Dispensary, and one attached to my Collectorate establishment.

Bengal

Tanjore. At the present time these detachments consist of 50 Soldiers of the 2d European Light Infantry and one officer, and of one Company of the 34th Regiment Chicacole Light Infantry and one Subaltern.

2. Although they are not attached to my Department, I may also state, that there are two Dressers at Combaconum under the Zillah Surgeon, Doctor Joseph, and one at Tranquebar under the Civil Surgeon there, Doctor Nott.

3. The Government have lately sent a Native Surgeon to Cusbah Manargoody in the Southern part of this District, and under his orders is a Dresser named Pyneeandy No. 236. I have never seen this man.

4. The location of a Native Surgeon at Manargoody was consequent on the construction by the inhabitants of that town of a good substantial building for use as a Civil Dispensary. The Government appear to have engaged* to supply the professional Superintendent, if the people would build the Dispensary; and the arrangement was recently carried into effect, the building having been finished some months previously.

5. The only reductions in the establishment of Dressers which seem to me to be feasible, are those which would take away one of the two at Combaconum and the Dresser very lately sent to the Manargoody Civil Dispensary. The others must, I consider, be retained as they are.

6. At Negapatam is an Assistant Apothecary, Mr. Rodgers, who was very lately promoted to the grade of 2d Apothecary and is under orders to proceed to Cuddalore.

7. So far as I can learn, there is only one pensioned Medical Subordinate living within Tanjore limits at the present time. He is Coomarasamy who formerly served as Sub-Collector's Dresser, took a retiring allowance and having then accepted revenue employ as Peishcar, has since resigned it on account of failing health. He is not more than 45 years old, and I am told would be likely to return to active employ. If so, he might be again appointed to the department of the Sub-Collector whose present Dresser Veerasawmy, would then be available for service in Bengal together with the two mentioned in paragraph 5.

Ex. Mins. Cons. 21st April 1856 No. 429, copy of which is herewith forwarded.

Extract from the Minutes of Consultation in the Public Department dated 21st April 1856, No. 429.

Read the following letter from the Collector of Tanjore.

(Here enter 28th March 1856.)

The Government will be prepared to sanction the usual establishment, &c., for a Civil Dispensary, on being informed that the building proposed to be erected for that purpose at Munnargoody at the expense of the inhabitants is completed, and on its being certified by the Civil Engineer of the division that it has been well and substantially built.

No. 11. From J. D. ROBINSON, Esq., Acting Collector of Canara; to J. D. SIM, Esq., Acting Secretary to the Board of Revenue Fort Saint George; dated Mangalore 9th October 1857, No. 97.

No. 3319.
G. Brown, Apothecarry at Sircy.
2nd Dresser T. Soondarum Pillay, No. 136 Collector's office.
2nd Dresser Govind Rayaloo, Sub-Collector's office.

Sir,

With reference to Extract Minutes Consultation dated the 1st Instant communicated to me in Extract Proceedings of the Board of Revenue under date the 2nd idem, I have the honor to submit the names of the 3 Medical Subordinates who stand appointed to the Revenue Department in this district.

2. The first is an Apothecary nominally attached to the Revenue Department at Sircy, but whose sphere of duty chiefly lies in the Judicial and Military branches, having to attend to the Detachment of the station, the Convicts in the Jail under the Sudr Ameen, and give general aid in cases of sickness in the Revenue Establishment. He remains stationary it Sircy. The 2nd Dresser attached to the Sub-Collector's office at that station accompanies that officer when on his settlement tour and other district duty. The other Dresser belongs to the Collector's Establishment, but has not yet joined.

3. Sircy being unprovided with European Medical aid of any kind, itself a Military out post, the Head Quarters of the Sub-Collector, and a considerable Revenue Establishment, the centre point of operations in the Department Public Works, and the frequent rendezvous of Merchants and travellers, is manifestly well entitled to the service of one of the most efficient of the grade of Apothecary. The Apothecary there cannot therefore I think be dispensed with. As regards the 2d Dressers attached to the Collector's and Sub-Collector's Establishments, they might be spared and replaced for the time being in the manner proposed by His Excellency the Commander in Chief.

4. I would not here however be understood to imply that these 2 latter posts are mere sinecures, for although fortunately this district is comparatively speaking free of Cholera, still small pox and fever are very prevalent, and the nature of the duty being such as to require the frequent presence of the local Revenue officers in remote and unhealthy localities, some provision in the way of Medical assistance becomes very necessary.

5. Hoping that these considerations may be allowed their full weight, I leave the matter in the hands of Government, to act as circumstances and the public interests may require.

No. 12. From W. ROBINSON, Esq., Acting Collector of Malabar; to J. D. SIM, Esq., Acting Secretary to the Board of Revenue, Fort St. George; dated Calicut 9th October 1857, No. 149.

H Callaghan	Circuit Supt Vaccination ..	Malabar under the orders of the Civil Surgeon Malabar.

Sir,

With reference to Extract Proceedings of Board of Revenue No. 3319, dated 2d Instant, and Extract Minutes Consultation dated 1st Instant No. 1012, I have the honor to give marginally a statement of the Medical Subordinates employed in the Civil Department of this Collectorate.

The Huzzoor Dresser could not be spared, and least at the season of moving out with my large establishment into the District where sickness prevails.

I have requested the Sub-Collector to write direct to you, on the subject of the Dresser attached to his office.

I have likewise requested Dr. Leslie, to report whether either of his two subordinates can be spared from Cochin. There is three besides a Civil Dispensary and Jail, a large European community.

The single Dresser we have attached to the Civil Dispensary here, could not be spared. The additional hand applied for has not been posted, and we have never had more than one.

The large Jail here requires a special medical subordinate attendant.

At Tellicherry the Dresser attends both the Military detachment and Jail besides the Civil establishment. He could not be spared.

Assistant Apothecary Keess is in charge of the Malabar Police corps. His services were applied for by Major Haly, and he is usefully employed, but at a time of such emergency as at present, it might be desirable to direct the European medical officer and medical subordinate in charge of the Europeans at Malapooram, to afford medical aid to the Malabar Police corps, as was the case for several years prior to Mr. Keess' appointment.

An arrangement, which would set free several able hands, were to replace temporarily the vaccine Department under the Collector. In that case Assistant Apothecary H. Callaghan might be removed from this District.

No. 13. From C. J. SHUBRICK, Esq., Collector of Chingleput; to J. D. SIM, Esq., Acting Secretary to the Board of Revenue, Fort St. George; dated Sydapet 10th October 1857.

Sir,

In reply to Extract from the Proceedings of the Board of Revenue No. 3319 of the 2d instant, I have the honor to state that the services of the Medical Subordinates noted in the margin are reported by the Zillah Surgeon to be available for temporary employment in Bengal.

1st Dresser Runqiah Naick No. 117 *attached to the Jail Hospital at Chingleput.*
2d Dresser P. Namaseyvayen No. 113 *Chingleput Civil Dispensary.*

No. 14. From G. N. TAYLOR, Esq., Acting Collector of South Arcot; to J. D. SIM, Esq., Acting Secretary Board of Revenue, Fort St. George; dated Cuddalore, 10th October 1857, No. 184.

Sir,

I have the honor to acknowledge the receipt of the Board's Proceedings dated the 2d Instant which accompanied Extract from the Minutes of Consultation of the 1st Idem, requesting me to report what number of Medical Subordinates are at present doing duty in Civil employ, in this District, and how many of them can be spared for service in Bengal.

2. In reply I have the honor to state that there are 5 Dressers attached to the Civil Departments of this District as specified below.

1 At the Collector's Cutcherry.
1 At the Sub do. do.
1 At the Survey Department.
2 At the Civil Dispensary.

3. I learn from the Zillah Surgeon that there are two pensioned Apothecaries available for service now residing at Cuddalore, who might well be substituted for two Dressers. Mr. Rogers states that neither of the Dispensary Dressers can be spared owing to the large number of applicants for relief, but it is ascertained from Captain Priestley that the Dresser attached to the Survey Department has little to do, and that his services are available for other duty.

Names.—Asst. Apothecary John Ducworth. Asst. Do. G. M. Antonio.

4. By the substitution of one of the Apothecaries above named the Dresser attached to the Sub-Collector might be relieved for duty elsewhere. If this arrangement is approved the two Dressers can at once be removed into Cuddalore, be examined, and prepared, so far as time will permit, for the duties before them in Bengal.

No. 15. From H. E. SULLIVAN, Esq., Acting Sub-Collector of Malabar; to J. D. SIM, Esq., Acting Secretary to the Board of Revenue, Fort St. George; dated Palghaut 13th October 1857, No. 315.

Sir,

I have been instructed by the Acting Collector of this district to inform you whether or no, the Dresser attached to my Cutcherry can be spared for other duty. I am constrained to say certainly not.

2. There is no medical man at this station. Besides the Dresser attached to my office there is but one other who is in charge of the jail containing 100 convicts and also of the detachment of the 21st Regiment on duty here.

3. I am about to proceed shortly on a tour through the Southern talooks where cholera and small pox is still very prevalent, and if the Dresser attached to the Sub-Collectorate is withdrawn, my family, myself and my office establishment will be without any medical aid whatever.

No. 16. From J. SILVER, Esq., Collector of Tinnevelly; to J. D. SIM, Esq., Acting Secretary to the Board of Revenue, Fort Saint George; dated 13th October 1857, No. 325.

Sir,

I have the honor to acknowledge Extract from the Proceedings of the Board of Revenue dated 2d October 1857, calling upon me to report what Medical Subordinates are in civil employ in this district, and how many of them can be spared for service in Bengal.

2. Of the two Dressers attached to this Collectorate, I consider that the 2d Dresser attached to the Sub-Collector's Cutcherry may be withdrawn for service, the Sub-Collector's establishment being on a much smaller scale than that of the Collector. I would recommend, however, that a pensioned Medical Subordinate should, if possible, be placed in his room. If any difficulty is experienced in this, then the 1st Dresser attached to the Collector's Cutcherry can at all times render assistance to the public servants of the Sub-Collector's Cutcherry, when the two Cutcherries happen to be together; and when the Collector's Cutcherry is at the Sudr station, the 1st Dresser could be detached to remain temporarily with the sub-division Cutcherry, until the Principal Cutcherry again went on circuit.

3. The 1st Dresser attached to the Collector's Cutcherry, is a man who has had many years' experience in Tinnevelly, and whose services have been found so useful to the people generally, that I would strongly advocate his not being moved.

4. As regards the 2d Dresser attached to the Civil Dispensary, I consulted the Zillah Surgeon, and that officer informs me, that the number of patients at the Dispensary shews a gradual increase, that the duties are of an onerous nature requiring attendance both by night and day, besides the preparation of returns and dispensing medicines, all of which duties the Zillah Surgeon thinks a pensioned Medical Subordinate, pensioned probably for bodily infirmity or old age, or both together, might not be able adequately to perform. These reasons are entitled to much consideration.

5. I would therefore beg to propose that of the three Dressers in civil employ in Tinnevelly, one, viz., the 2d Dresser attached to the Sub-Collector's Cutcherry may be withdrawn for service, his place being supplied if possible by a pensioned Medical Subordinate, and that the other two Dressers may stand fast.

No. 17. From H. A. BRETT, Esq., Collector of Salem; to J. D. SIM, Esq., Acting Secretary to the Board of Revenue, Fort Saint George; dated Ossoor 17th October 1857, No. 131.

Sir,

With reference to an Extract from the Proceedings of the Board of Revenue dated the 2d Instant, No. 3319, calling upon all Collectors to report, with reference to Extract Minutes of Consultation of the 1st Idem, No. 1012, what Medical Subordinates are in the civil employ in their Districts, and how many of them could be spared for service in Bengal; I have the honor to annex a list of the Medical Subordinates in civil employ in the Salem District, and to state that none of these Subordinates can be spared without great inconvenience.

List of Medical Subordinates in civil employ in the Salem District.

Mr. James Hoyle....	Assistant Apothecary doing duty in the Collector's Department....................	This Medical Subordinate was transferred to Negapatam under G. O. G. of the 11th August last, and 2d Apothecary Barrow was posted under G. O. G. of the 24th August last to relieve Mr. Hoyle, but Mr. Barrow has not yet joined.
Mr. R. Donaldson....	Assistant Apothecary...	Superintendent of Vaccination.
Chempolingum........	1st Dresser, No. 4......	This Medical Subordinate is attached to the Criminal Jail and is under the orders of the Subordinate Judge of Salem.
Nagappah.............	1st Dresser, No. 67.....	This Medical Subordinate is attached to the Sub-Collector's office.
M. Valoyadum........	2d Dresser, No. 144....	This Medical Subordinate is attached to the Jail under the orders of the Magistrate.
Narrainsamy..........	2d Dresser, No. 233....	This Medical Subordinate is attached to the Civil Dispensary at Salem.

No. 18. From WALTER A. LESLIE, Esq., Acting Civil Surgeon; to the Acting Secretary ard of Revenue, Madras; dated Cochin, 14th October 1857.

Sir,

With reference to a letter which I have received from the Collector of Malabar, I have the honor to inform you that I do not think it possible that the duties of this station can be properly performed with less than the present complement of two Medical Subordinates, the work of the

Civil Dispensary fully occupies the time of one, while the other has to attend to the Jail and the detachment, the large Christian population of this place also entails heavier duties than usual.

No. 19. From C. WHITTINGHAM, Esq., Collector of North Arcot; to J. D. SIM, Esq., Acting Secretary to the Board of Revenue, Fort St. George; dated Chittore 19th October 1857, No. 257.

SIR,

I have the honor to acknowledge the receipt of Extract Proceedings Board of Revenue dated 2d October 1857, No. 3319, forwarding Extract Minutes of Consultation under date 1st October 1857, No. 1012, and calling upon me to report immediately what Medical Subordinates are in civil employ in this district, and how many of them can be spared for service in Bengal.

2. The total number of Medical Subordinates employed in this district is 8. Of these 4 are attached to the Dispensary, the Fort Hospital, and the Jail Hospital under the superintendence of the Zillah Surgeon. One of these Dressers is however absent on sick certificate, and is not likely to return at present. Mr. Harper, the Zillah Surgeon, does not admit in the letter, of which a copy is herewith submitted, that the services of any of the Dressers now present with him can be dispensed with.

3. The Medical Subordinates attached to Mr. Sullivan seems to be disqualified for active service, and the Subordinate attached to the Vellore Civil Dispensary cannot according to Doctor Barclay's statement be spared. Copies of Mr. Sullivan's and Doctor Barclay's letters are forwarded.

4. The Dresser attached to the Wallajahpett (late Ranipett) Civil Hospital might it appears from Apothecary Kings' letter be spared, but a doubt is expressed regarding his fitness for active service.

5. The remaining Subordinate is attached to my office, I do not see how his services can be dispensed with. The greater part of my division is so situated that when on circuit I am necessarily at a great distance from other Medical aid, than that which accompanies my office. A pensioned Dresser would not be sufficiently active and able bodied to endure the fatigue of accompanying the Cutcherry. He would fall sick and become useless, perhaps when most required.

6. This objection does not extend to the case of those Medical Subordinates who from the nature of their charge are not required to move from place to place, and I am of opinion that pensioned Subordinates might be advantageously substituted for some of the able bodied Subordinates attached to Hospitals and Dispensaries.

7. If the Dresser attached to the Wallajahpett Dispensary might in Mr. King's opinion be replaced by a pensioner, it is probable that the Subordinates attached to the Vellore Dispensary might be made available in the same way for active service without detriment to that institution. Two of the 4 Dressers under the Zillah Surgeon might also be relieved by pensioners, the more easily as my Dresser's services are always placed at the disposal of the Zillah Surgeon during the time I reside at Chittoor.

From A. W. SULLIVAN, Esq., Sub-Collector of North Arcot; to C. WHITTINGHAM, Esq., Collector of North Arcot; dated Vellore, 15th October 1857, No. 182.

SIR,

1. In reply to your letter of the 8th Instant, No. 647, I have the honor to state as regards the present Dresser attached to my office, who has served close on thirty years, that he is quite unfit for active service having fractured his right arm and but for the light nature of his present duties would long ago have been obliged to take his pension.

2. When at the Head Quarters of my division beyond occasional attendance upon the native establishment his duties are such as in an emergency like the present might be dispensed with as the Garrison Surgeon could afford the necessary medical assistance, but when out in tents on Jummabundy, &c., with my whole establishment the services of a Dresser are absolutely necessary.

3. To meet the present exigency, I would suggest his being pensioned and continued with my office which would admit of the services of an effective man being entertained for field service in Bengal.

4. As regards the Dresser attached to the Civil Dispensary at this station, I thought it best to address the Medical officer in charge on the subject, and annex copy of his reply with the opinions expressed in which I concur.

From Surgeon C. BARCLAY, in medical charge Garrison of Vellore; to A. W. SULLIVAN, Esq., Sub-Collector of North Arcot; dated Vellore, 9th October 1857.

SIR,

In reply to your letter No. 181 of this date, I have the honor to acquaint you that the services of a Medical Subordinate are absolutely indispensable in the Lungurkhanah Civil Dispensary at this station, and I do not think that the duties could be efficiently performed except by an active and healthy man.

I am of opinion therefore that it would not be advisable to replace the 2d Dresser at present employed in the dispensary by a pensioned Medical Subordinate.

(True Copy.)

(Signed) C. WHITTINGHAM, *Collector.*

From Assistant Surgeon H. HARPER, Zillah Surgeon, Chittoor; to C. WHITTINGHAM, Esq., Collector of North Arcot; dated Chittoor 9th October 1857.

SIR,

I have the honor to return the printed Extract from the Proceedings of the Board of Revenue, which accompanied your letter, No. 186, enquiring which of the Medical Subordinates in civil employ at Chittoor can be best spared for service in Bengal. I have the honor to inform you that there are three Dressers at this station attached to the three Hospitals I hold charge of. The proper complement is four, at the Dispensary I have only one of the 1st Dressers, who is unfit to hold sole charge of that institution, and I am consequently obliged to employ the Gaol Dresser there, had the four Dressers attached to this station been present, I should have reported the Dresser attached to the Fort Hospital as the one who could be best spared; but 2nd Dresser Rungasawmy who was posted to that Hospital in July last is on sick certificate, I am informed is not likely to join this year.

From Mr. H. W. KING, Apothecary charge Civil Hospital; to E. F. ELIOTT, Esq., Acting Head Assistant Collector North Arcot; dated Wallajapett 9th October 1857, No. 98.

SIR,

With reference to your letter of this day, I have the honor to inform you that under existing circumstances the 2nd Dresser (Parthasarthy) attached to the Civil Hospital here can be spared, but it will be a question whether the Medical Board will consider him fit for service in Bengal, as he is an asthmatic subject, and frequently sick in consequence.

No. 20. From J. R. COCKERELL, Esq., Acting Sub-Collector for Acting Collector Madura; to J. D. SIM, Esq., Acting Secretary to the Board of Revenue, Fort St. George; dated Madura, 20th October 1857, No. 218.

SIR,

In reference to Extract Minutes of Consultation of Government under date the 1st Instant, calling for a list of Medical Subordinates and a report as to how many of them can be spared for service in Bengal, I have the honor by direction of the Acting Collector to annex a list* of the Medical Subordinates in this District.

* *List.*

Assistant Apothecary John Smith.
1st Dresser Moottoosawmy Naik.
,, Rungasawmy.
,, Ramasawmy Naik.
2d Dresser F. Brown.
,, Devarajooloo.
,, Soobramaneyapillay.
,, M. Brown.

2. The Apothecary has charge of the Jail at Paumben.

3. The 1st Dressers are attached respectively to the Collector's Cutcherry, the Civil Hospital, and the Zillah Jail, and the 2d Dressers to the Sub-Collector's Cutcherry, the Civil Hospital, the station at Ramnad and the Detachment at Dindigul.

4. None of the 1st Dressers can, I am instructed to say, be spared. Moottoosawmy Naik has in addition to his other duties charge of the Detachment in Madura.

5. Of the 2d Dressers, 2d Dresser Murray Brown and 2d Dresser Soobramania Pillay might be taken, provided their places are supplied by Pensioned Medical Subordinates. Two Dressers it will be observed are attached to the Civil Hospital. The Zillah Surgeon states that he cannot dispense with the services of either.

From M. Murray Esquire

To J. D. Sim Esquire
Acting Secretary to the Board of Revenue
Fort Saint George

Sir,

I have the honor to acknowledge the receipt of Extract Minutes of consultation dated the 1st Instant, No. 1012, together with the orders of the Board of Revenue, calling upon all Collectors and the Agent at Kurnool to report immediately what number of Medical Subordinates are in the Civil Employ in their Districts and how many of them can be spared for service in Bengal, and to state, that the 2d Dresser at Sashachellum, has been attached after long service in the Military Department, to the Collectorate of Cuddapah; he is a person of Reliance, 20 years standing and has made himself very useful in treating Medical cases amongst the Ryots as well as the public servants & their families whilst on circuit with me in the

District, and as I have to move about for 6 months in the year, a Pensioned Dresser will not be able to supply his place, were he removed. I would therefore submit for the consideration of the Board that his services may be retained in the situation which he now holds.—

2 To the Sub Collector, a 2d Dresser is attached and his permanent station is Cumbum, which forms one of the 3 Talooks constituting the Sub Division; so that the travelling of the Sub Collector not being very great and there being an Assistant Apothecary and a Dresser attached to the Garrison there, his services might be placed at the disposal of the Commander in Chief and the vacancy filled up by a Pensioned Dresser.—

3 As there is an Assistant Apothecary attached to the Garrison, which consists of only a company of men and one European Officer, the necessity for a Dresser and an Apothecary is not apparent. he might without any inconvenience to the Military Establishment be transferred to more active duties, but if the presence of a Dresser as well as an Assistant

Apothecary be deemed requisite by the Military authorities, his duties might be fulfilled by a Pensioned Dresser. By this means two efficient Dressers might be placed at the disposal of the Commander in Chief for service in Bengal.—

1 In reply to the Extract from the Proceedings of the Board of Revenue dated 2nd October 1857 requiring me to report what medical Subordinates in Civil Employ are in this District, & how many can be spared for service in Bengal, I beg to state that the Acting Civil Surgeon agrees with me in thinking that none can be spared except Native Surgeon Ayasawmy, who, as far as my knowledge goes, is quite useless here – His reputation for skill is not great & his conceit is perfectly ridiculous, and I think the 100 Rs. monthly which the Government pays him is sadly wasted here while he might earn it in Bengal –

14

2 There should be 4 Dressers in Civil Employ in this District, & there is now one attached to the Gaol, & one to the Dispensary, and there should be one for my Establishment & one for the Sub Collector's – mine is at

present with a Detachment of the 7th Regiment at Ellore & the Sub Collector has none, tho' there is a second Officer coming in, who I understand will be available for Civil Employ –

3 The Board will readily see that the Gaol & Dispensary require Officers & tho' I & the Acting Sub Collector could dispense with them while at our head stations, they are necessary when the Revenue Settlement begins – in a crowded camp a Medical officer is always useful –

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 2nd October 1857, calling for information as to what Medical Subordinates are in Civil Employ in this District, & how many of them can be spared for service in Bengal.

2. The following is a List of the Medical Subordinates in Civil Employ in the Nellore District.

1 First Dresser - at the Jail
1 Do. - at the Garrison Hospital
1 Second Dresser - at the Civil Dispensary
1 Second Dresser - at the Ongole Garris
1 Assistant Apothecary - with the Sub Collector.
1 First Dresser - with the Collector's Establishment.
1 Assistant Apothecary - employed as Superintendent of Vaccination.

3. Having forwarded the Proceedings under reply to H. Young Esqre the Zillah Surgeon for his consideration & opinion; He states that he considers any Medical Subordinate could but

1110

ill be spared from this District, especially at the Season which is now approaching, when both myself and the Sub Collector will be for some Months on Circuit with our Establishments, & adds that he has before represented the great inconvenience caused by the temporary withdrawal of the Garrison Dresser on command duty, as there is but one Dresser attached to each Hospital, & the Work cannot be efficiently carried on with less.

4. I concur in the opinion given by Mr. Young, and am consequently unable to point out any Medical Subordinates who can be spared for service in Bengal.

in case of an epedemic breaking out
the duty of the Dispensary is heavier

noted marginally, I have the honor to submit the required information relative to Dressers employed in a Civil capacity in this District.

Paupaya No 41.

Is attached to the establishment of the Collector. His age is about 56 years. He has been thus employed during the last nineteen years.

Veerasamy pillay No 101

Has been serving as Dresser with the establishment of the Sub Collector since some years. His age may be taken at 45 years.

NDS

Chinnasamy Aged 32 years.

Has charge of what is called the Residency Hospital to which are admitted all sick Sepoys and Military followers belonging to the detachments doing duty at Tanjore at the present time these detachments consist of 50 Soldiers of the 2nd European Light Infantry and one officer, & of one Company of the 34th Regiment Chicacole Light Infantry and one Subaltern.

2. Although they are not attached to my Department, I may also state, that there are two Dressers at Combaconum under the Zillah Surgeon, Doctor Joseph, and one at Tranquebar under the Civil surgeon there, Doctor Nott.

3 The Government have lately sent a Native Surgeon to Cusbah Manargoody in the Southern part of this District and under his orders is a Dresser named Pynecandy No 236. I have never seen this man]

4 The location of a Native Surgeon at Manargoody was consequent on the construction by the inhabitants of that Town of a good substantial building for use as a Civil Dispensary. The Government appear to have engaged* to supply the professional Superintendent if the people would build the Dispensary, & the arrangement was recently carried into effect the building having been finished some months previously.

5 The only reductions in the establishment of Dressers which seem to me to be feasible, are those which would take away one of the two at Combaconum and the Dresser very lately sent to the Manargoody Civil Dispensary. The others must, I consider, be retained as they are.

6 At Negapatam is an Assistant Apothecary, Mr Rodgers, who was very lately promoted to the grade of 2nd Apothecary and is under orders to proceed to Cuddalore.

7. So far as I can learn, there is only one pensioned Medical Subordinate living within Tanjore limits at the present time. He is Coomarasamy who formerly served as Sub Collector's Dresser, took a retiring allowance and having then accepted revenue employ as Rishcar, has since resigned it on account of failing health. He is not more than 45 years old, and I am told would be likely to return to active Employ. If so, he might be again appointed to the department of the Sub Collector whose present Dresser, Veerasawmy, would then be available for service in Bengal together with the two mentioned in paragraph

Sir,

No. 3319-

With reference to Ex: Min: Consultation dated the 1st Instant communicated to me in Ex: Pro: of the Board of Revenue under date the 2nd idem, I have the honor to submit the names of the 3 Medical Subordinates who stand appointed to the Revenue Department in this district.

G. Brown - Apothecary at Sircy
2nd Dresser T. Soondarum Pillay No. 136- Collector's office
2nd Dresser George [illegible] Sub Collr's office

2 The first is an Apothecary nominally attached to the Revenue Department at Sircy, but whose sphere of duty chiefly lies in the Judicial and Military branches, having to attend to the Detachment

of the station, the Convicts in the Jail under the Sudr Ameen, and give general aid in cases of sickness in the Revenue Establishment. He remains stationary at Sircy. The 2nd Overseer attached to the Sub Collector's office at that station accompanies that officer when on his settlement tour & other district duty. The other Overseer belongs to the Collector's Establishment, but has not yet joined.

5 Sircy being unprovided with European Medical aid of any kind, itself a Military outpost, the Head quarters of the Sub Collector, & a considerable revenue Establishment, the centre point of operation in the D. P. Works, & the frequent rendezvous of Merchants & travellers, is manifestly well entitled to the services of one of the most efficient of the grade of Apothecary. The Apothecary there cannot therefore I think be dispensed with. As regards the 2 Overseers attached to the Collector's & Sub Collector's Establishments, they might be spared & replaced for the time being in the manner proposed by His Excellency the

Commander in Chief. — 25

4 I would not here however be understood to imply that these 2 latter posts are mere sinecures, for altho' fortunately this district is comparatively speaking free of Cholera, still small pox & fever are very prevalent, & the nature of the duty being such as to require the frequent presence of the local revenue officers in remote & unhealthy localities, some provision in the way of Medical assistance becomes very necessary.

5. Hoping that these considerations may be allowed their full weight, I leave the matter in the hands of Government, to act as circumstances & the public interests may require.

I have the honor to be,
Sir,
Your most obed. Servt.

Sir,

With reference to Extract Proceedings of Board of Revenue No 3319 dated 2d Instant, and Extract Minutes Consultation dated 1st Instant No 1012, I have the honor to give marginally a statement of the Medical Subordinates employed in the Civil Department of this Collectorate.

List of Medical Subordinates employed in the Civil Depart. in the Collectorate of Malabar

Names	Designation	Where employed
Allagiah	2d Dresser No 141	Collector's Office
Kristnamah Rauzee	2d Do 341	Sub Collector's Office
T. Soondrum Pillay	2d Do 147	Poor Hospital at Anjengo
W. Osman	Assistant Apothecary	Under the orders of the Civil surgeon at Cochin
T. Runga Swamy	2d Dresser	Civil dispensary of Cochin under Do of Cochin
C. D'R. Nery	1st Do	Civil dispensary of Calicut under Do of Malabar
Joseph	2d Do	Jail Hospital of do under Do Do
N. T. Rosoo Pillay	2d Do	Zillah of Tellicherry under Do of Tellicherry
D. Keess	Assistant Apothecary	Under the orders of the Asst. Surgeon at Malapooram and draws Head money for attendance on the Malabar P. Corps and followers.
H. Callaghan	Circuit Supt of Vaccination	Malabar under the orders of the Civil Surgeon Malabar

The Mazzoor Dresser could not be spared and least at the season of moving out with my large Establishment into the District where sickness prevails.

I have requested the Sub Collector to write direct to you, on the subject of the Dresser attached to his Office.

I have likewise requested Dr. Leslie to report whether either of his two Subordinates can be spared from Cochin. There is there besides a Civil Dispensary and Jail, a large European Community.

The single Dresser we have attached to the Civil Dispensary here could not be spared. The additional hand applied for has not been posted & we have never had more than one.

The large Jail here requires a special Medical Subordinate attendant.

At Tellicherry the Dresser attends both the Military Detachment and the Civil Establishment and Jail besides. He could not be spared.

Assistant Apothecary Heess is in charge of the Malabar Police Corps. His services were applied for by Major Haly and he is usefully employed but at a time of such emergency as at present, it might be desirable to direct the European Medical Officer and Medical Subordinate in charge of the Europeans at Malapooram, to afford

medical

~~25~~ 1110 14

medical aid to the Malabar Police Corps, as was the case for several years prior to Mr. Heess' appointment.

25

An arrangement which would set free several able hands were to replace temporarily the vaccine Department under the Collector. In that case Assistant Apothecary H Callaghan might be removed from this District.

available for service now residing at Cuddalore who might well be substituted for two Dressers. Mr. Rogers states that neither of the Dispensary Dressers can be spared owing to the large number of applicants for relief but it is ascertained from Captain Priestly that the Dresser attached to the Survey Department has little to do and that his Services are available for other duty.

14. By the substitution of one of the Apothecaries above named the Dresser attached to the Sub Collector might be relieved for duty elsewhere. If this arrangement is approved the two Dressers can at once be removed into Cuddalore, be examined, and prepared, so far as time will permit, for the duties before them in Bengal.

Sir,

Dated Palghaut 13 Oct/57

I have been instructed by the acting Collector of this district to inform you ~~[illegible]~~ whether or no, the Dresser attached to my Cutcherry can be spared for other duty. I am constrained to say certainly not.

Vi

2. There is no medical man at this station. Besides the Dresser attached to my Office there is but one other who is in charge of the jail containing 100 Convicts and also of the detachment of the 21st Regt. on duty here.

3. I am about to proceed shortly on a tour thro' the Southern Talooks where Cholera and Small pox is still very prevalent and if the Dresser attached to the Sub Collectorate is withdrawn, my family, myself and my Office establishment will be without any medical aid whatever.

Fort St George

Sir,

I have the honor to acknowledge Extract from the Proceedings of the Board of Revenue dated 2nd October 1857, calling upon me to report what Medical Subordinates are in Civil employ in this District, & how many of them can be spared for service in Bengal.

2. Of the two Dressers attached to this Collectorate, I consider that the 2nd Dresser attached

to the SubCollector's Cutcherry may be withdrawn for service, the SubCollector's Establishment being on a much smaller scale than that of the Collector. I would recommend, however, that a pensioned Medical Subordinate should, if possible, be placed in his room. If any difficulty is experienced in this, then the 1st Dresser attached to the Collector's Cutcherry can at all times render assistance to the Public Servants of the SubCollector's Cutcherry, when the two Cutcherries happen to be together; & when the Collector's Cutcherry is at the Sudr Station, the 1st Dresser could be detached to remain temporarily with the Sub Division Cutcherry, until the Principal Cutcherry again went on Circuit.

The

3. The 1st Dresser attached to the Collector's Cutcherry, is a man who has had many years' experience in Tinnevelly, and whose services have been found so useful to the people generally, that I would strongly advocate his not being moved.

4. As regards the 2d Dresser attached to the Civil Dispensary, I consulted the Zillah Surgeon, & that Officer informs me, that the number of Patients at the Dispensary shews a gradual increase, that the duties are of an onerous nature, requiring attendance both by night and day, besides the preparation of Returns & dispensing Medicines, all of which duties the Zillah Surgeon thinks a pensioned Medical Subordinate, pensioned probably for bodily infirmity or

old age, or both together, might not be able adequately to perform. These reasons are entitled to much consideration.

5. I would therefore beg to propose that of the three Dressers in Civil employ in Tinnevelly, one, Viz.: the 2d Dresser attached to the SubCollector's Cutcherry may be withdrawn for Service; his place being supplied if possible by a pensioned Medical Subordinate, and that the other two Dressers may stand fast.

With reference to a letter which I have received from the Collector of Malabar I have the honor to inform you that I do not think it possible that the duties of this Station can be properly performed with less than the present Complement of two Medical Subordinates, the work of the Civil Dispensary fully occupies the time of one, while the other has to attend to the Jail and the Detachment, the large Christian population of this place also entails heavier duties than usual –

Sir

I have the honor to acknowledge the receipt of Extract Proceedings Board of Revenue dated 2d October 1857 No 3319 forwarding Extract Minutes of Consultation under date 1st October 1857 No 1012 and calling upon me to report immediately what medical Subordinates are in Civil Employ in this District and how many of them can be spared for service in Bengal-

14

1 DP

WWB

2 The total number of Medical Subordinates employed in this

District is 8 - Of these 4 are attached to the Dispensary, the Fort Hospital, and the Jail Hospital under the Superintendence of the Zillah Surgeon One of these Dressers is however absen on sick certificate, and is not likely to return at present - Mr Harper the Zillah Surgeon does not admit in the letter of which a copy is herewith submitted, that the services of any of the dressers now present with him can be dispensed with -

3 The Medical Subordinate attached to Mr Sullivan seems to be disqualified for active service, and the Subordinate attached to the Vellore Civil Dispensary cannot according to Doctor Barclays statement be spared - Copies of Mr Sullivan and Doctor Barclays letters are forwarded -

4 The Dresser attached to the Wallajahpett (Cali Ranipett) Civil Hospital might it appears from Apothecary Kings letter be spared, but a doubt is expressed regarding his fitness for active service -

5 The remaining Subordinate is attached to my Office I do not see how his services can be dispensed with - The greater part of my Division is so situated that when on Circuit I am necessarily at a great distance from other Medical aid, than that which accompanies my Office - A pensioned dresser would not be sufficiently active and able bodied to endure the fatigue of accompanying the Cutchery - He would fall sick and become useless perhaps when most required

6 This objection does not

extend to the case of those Medical Subordinates who from the nature of their charge are not required to move from place to place, and I am of opinion that pensioned Subordinates might be advantageously substituted for some of the able bodied Subordinates attached to Hospitals and Dispensaries.

If the dresser attached to the Wallajahpett dispensary might in Mr King's opinion be replaced by a pensioner, it is probable that the Subordinates attached to the Vellore Dispensary might be made available in the same way for active service without detriment to that institution. Two of the 4 dressers under the Zillah Surgeon might also be relieved by pensioners, the more easi

1. In reply to your letter of the 8th Instant No 647 I have the honor to state as regards the present Dresser attached to my Office, who has served close on thirty years, that he is quite unfit for active service having fractured his right arm & but for the light nature of his present duties would long ago have been obliged to take his pension

2. When at the Head Quarters of my Division beyond occasional attendance upon the native Establishment his duties are such as in an emergency like the present might be dispensed with as the Garrison Surgeon could afford the necessary Medical assistance, but when out in tents on Jummabundy &c with my whole Establishment the services of a Dresser are absolutely necessary

3. To meet the present exigency I would suggest his being pensioned and Continued with my Office which would admit of the services of an effective man being entertained for field service in Bengal.

3. As regards the Dresser attached to the Civil Dispensary at this station I thought it best to address the Medical Officer in charge on the subject and annex Copy of his reply with the opinions expressed in which I concur.

In reply to your letter No 181 of this date I have the honor to acquaint you that the services of a Medical Subordinate are absolutely indispensable in the Lungerkhana & Civil Dispensary at this station, and I do not think that the duties could be efficiently performed except by an active and healthy man.

I am of opinion therefore that it would not be advisable to replace the 2d Dresser at present employed in the Dispensary by a pensioned Medical Subordinate.

I have the honor to return the printed Extract from the Proceedings of the Board of Revenue, which accompanied your letter No 186, requiring which of the Medical Subordinates in Civil Employ at Chittoor can be best spared for Service in Bengal. I have the honor to inform you that there are three Dressers at this station attached to the three Hospitals I hold charge of; the proper complement is four, at the Dispensary I have only one of the 1st Dressers, who is unfit to hold the charge of that institution, and I am consequently obliged to employ the Gaol Dresser there. Had the four Dressers attached to this Station been present, I should have reported the Dresser attached to the Fort Hospital as the one who could be best spared; but 2nd Dresser Buegasamy who was posted to that Hospital in July last

In reference to my letter dated 20th instant, No. 218 I beg leave to correct an error. Of the, 2d Dressers, I intended to point out as available for active service I mentioned Francis Brown instead of 2d Dresser Murray Brown in charge of the Detachment at Dindigul whom I wished to indicate.

2 Second Dresser Francis Brown is the Dresser attached to the Sub Collector's Cutchery & his Services, the more required owing to the distance of Dindigul from Madura - are too valuable to be dispensed with.
