No. 31. From W. KNOX, Esq., Acting Collector of Ganjam ; to J. D. SIM, Esq., Secretary to the Board of Revenue, Fort Saint George ; dated Chetterpore, 20th October 1857, No. 153.

With reference to the Extract from the Proceedings of the Board of Revenue dated the 2d Instant, No. 3319, I have the honor to report that there are three Dressers attached to this Collectorate, one stationed here who goes out with the Collector on circuit; looking at the number of persons composing the Collector's camp this man's services cannot be dispensed with; as it is, Mr. Hanson having been taken away from his post there will be no one to look after the guard and residents here while the Collector is on circuit.

A Dresser is also attached to the Principal Assistant Collector's office; his services are much wanted from November till March; during which months the Principal Assistant Collector is generally moving about; during the time he is at Chicacole his Dresser is not urgently required; he might have a Dresser sent him from Vizagapatam when required.

The third Dresser is with the Ganjam Sebundies, and looking at the number of men and their liability to take fever he cannot be spared unless one of those employed under the Meriah Agent were transferred to the Ganjam Sebundies.

No. 32. From ARTHUR PURVIS, Esq., Collector of Rajahmundry; to JAMES DUNCAN SIM, Esq., Acting Secretary to the Board of Revenue, Fort Saint George dated Rajahmundry 22nd October 1857, No. 135.

Sir,

I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board of Revenue of the 2nd Instant, calling on me to report what Medical Subordinates are in civil employ in this District, and how many of them can be spared for employment in Bengal.

Dresser at the Seamen's Hospital there, might not be spared. He informs me in reply that "as the institution combines a Seamen's Hospital and Civil Dispensary the services of both an Assistant Apothecary and Dresser are absolutely required." I still think however that the Dresser might, under the pressing circumstances of the case, be spared. The services of the Subordinate attached to my Cutcherry will be available at the Coconada Hospital, except when I am out with my establishment on circuit at a distance from other Medical aid, as the Sub-Collector's principal station and his division generally is at a considerable distance from any place at which Medical assistance can be obtained, the services of a Subordinate with him are absolutely necessary.

3. Though two is the usual number, there has been but a single Dresser at Rajahmundry since February. One to do duty in the Civil Dispensary is expected very shortly, but where he is at this moment I cannot learn. The Zillah Surgeon informs me that although the work at the Civil Dispensary would no doubt be got through more satisfactorily had he the second hand, he is prepared, under the urgency of the case, to carry on the duties with but one as at present, and the services of the Subordinate under orders to join can therefore be spared.

Fort Saint George, Revenue Consultation of 10th November 1857.

No. 33. From E. B. THOMAS, Esq., Collector of Coimbatore; to J. D. SIM, Esq., Acting Secretary to the Board of Revenue Fort Saint George; dated Ootacamund 23d October 1857, No. 178.

SIR,

In reply to Extract from the Proceedings of the Board of Revenue dated 2d Instant, No. 3319, I beg to state that the Medical Subordinates employed under my control, are only two, viz. one 1st dresser in my office, and one 2d Dresser in the Sub-Collector's office.

2. The Sub-Collector is often called away by business to the talooks in his division, far from any Medical assistance, and is therefore unwilling to part with his dresser.

3. As regards the 1st dresser employed in my office, I am of opinion that he cannot be spared without much inconvenience. My Assistants as well as myself are often obliged to visit Colligal, Andyoor, Hassanoor, Danaikencottah and other Jungly and distant localities, for Jambund and other works; where the presence and aid of a Medical Subordinate is absolutely necessary, both for the European and the Native Establishment.

No. 34. From C. W. READE, Esq., Collector and Agent to the Governor; to J. D. SIM, Esq., Acting Secretary Board of Revenue, Fort St. George; dated Vizagapatam 21st October 1857, No. 139.

SIR,

Para. 1. In acknowledgment of an Extract from the Board's Proceedings of the 2d Instant, enclosing copy of an Extract from Minutes of Consultation under date the 1st idem, and requesting me to report what Medical Subordinates are in my District and how many of them can be spared for service in Bengal, I have the honor to state that the authorized number of Medical Subordinates for the Jail and Civil Dispensary is 3, the number present is only 2 both only Dressers; and the Assistant Apothecary attached to my office is the sole officer of that grade in the Department, and owing to a deficiency of hands for the duties at Vizagapatam I have placed his services for the present, at the disposal of the Zillah Surgeon, but this arrangement is only temporary, as in a few weeks his presence with my office establishment will be indispensable when I commence my Circuit tour of the District.

2. As far as I am personally concerned, I should be quite satisfied with a Native Dresser if the Apothecary's services be urgently needed, but I do not think my establishment would feel comfortable under the arrangement, as I have to visit many places in my contemplated tour which are usually regarded as very unhealthy, and where on previous occasions much sickness has been contracted, and it was, I believe, for this reason that an Apothecary was applied for and sanctioned.

3. The Zillah Surgeon states that my Apothecary's services can be at once dispensed with, if a pensioned substitute be provided, but it is clear that with all the duties of a Civil Dispensary and a Jail Hospital and the requirements of my office when travelling, the numerical complement of medical subordinates present, namely 1 Assistant Apothecary and 2 Native 2d Dressers, is no more than barely suffice to meet the duties devolving on them. At the same time I quite think with Dr. Blackwell that a pensioned Apothecary or even a 1st Class Dresser might take the place of the effective Assistant Apothecary now attached, and whose services would thus be made available for employ elsewhere.

No. 35. ORDER THEREON, No. 1133; dated 6th November 1857.
Ordered that the above letters be communicated to the Military Department, in continuation of Extract Minutes of Consultation in this Department dated 30th Ultimo, No. 1110.
