Fort Saint George, Revenue Consultation of 10th November 1857.

No. 36. Read the following Extract from the Proceedings of the Board of Revenue; dated 23d October 1857, No. 3598.

Read letter from the Collector of Coimbatore dated 24th September 1857.*

* *In Consultation 23d October* 1857.

(Here enter No. 159.)

Resolved that the above letter be laid before Government with reference to Extract Minutes Consultation 14th September 1855, Public Works Department, No. 588.

2. It will be seen that Major Crawford has consented to make over the land required for the elk hill cutting in exchange for a similar extent of Government waste. The cutting however isolated a wooded ravine belonging to Major Crawford and a further exchange was proposed by him and agreed to by the Collector.

3. The total amount of Government waste given in exchange is 4½ cawnies, of which 2 cawnies 900 yards are on account of the cutting. The Board remark, however, that the extent mentioned in the Extract Minutes Consultation above quoted and in the Acting Civil Engineer's letter to the Collector dated 2d May 1855, as required for the latter purpose was only square feet 43,900 or including the whole road square feet 51,600. The Board presume that the difference between this and the extent now stated by Mr. Thomas is owing to Major Crawford having made over to Government all land isolated from the rest of his property bythe cutting. This point however should have been explained by the Collector.

In from Collector 7th.
In Dy. Cons. 28th May 1855,
sent to Govt. 15th Aug. ,,

4. Under the circumstances above reported it is unnecessary to have recourse to Act XX. of 1852, and the Board trust that Government will approve of the Collector's proceedings in the matter.

No. 37. ORDER THEREON, No. 1134; dated 6th November 1857.

In the letter which accompanied these Proceedings, the Collector of Coimbatore reports the arrangement he has entered into with Major Crawford for the cession to Government of the ground, formerly a portion of that Gentleman's property, required on account of the Elk Hill cutting. The extent of land required for the road was rather more than two Cawnies, but as the cutting would isolate a wooded ravine belonging to the property, Mr. Thomas took charge of that also, and gave in exchange for the whole 4½ Cawnies from the Government waste. The Right Honorable the Governor in Council approves and sanctions the Collector's proceeding.

(Signed) H. FORBES,
Acting Secretary to Government.
