Whether Government waste lands are available or not is not stated.

5. A further extent of Gortoos 6-14-4 in this talook is situated in another Shrotriem and a similar arrangement is proposed at the instance of the Shrotriemdars. In this case there are Government lands which can be given in exchange.

6. With regard to these two proposals, the Board observe that if Government waste lands of suitable quality and eligibly situated are available, these should be given in exchange instead of Shrotriem lands which of course cannot be taken without a remission of quit rent. The Acting Collector will furnish further information on this point at his early convenience.

7. In a third instance an arrangement similar to the above is proposed, but in this case suitable Government lands are not available, and no other course is open for adoption.

8. The Board recommend that the Acting Collector may be authorized to effect the exchanges proposed with the exception of those referred to in paras. 4, 5 and 6 of these proceedings.
