Fort Saint George, Revenue Consultation of 24th November 1857.

No. 19. Read the following Extract from the Proceedings of the Board of Revenue; dated 21st October 1857, No. 3567.

*2637 from Ganjam, 5th	in Consultation	15th July	1856.
2507 from Vizagapatam, 10th	in Cons.	18th June	,,
2298 from Rajahmundry, 13th	,,	18th ,,	,,
2748 from Coimbatore, 12th	,,	22d July	,,
2409 from Canara, 23d June	,,	30 ,,	,,
4103 from Malabar, 30th Sep.	,,	15th October	,,

Resolved the following Reports on the local funds of the Districts marginally* noted, and which by oversight have remained unnoticed hitherto be laid before Government, in continuation of the Board's letter dated 16th June 1856, No. 1858, reviewed in Extract Minutes Consultation 29th August 1856, Revenue Department, No. 911.

Ganjam. *Vizagapatam.* 1. The Reports from Ganjam and Vizagapatam merely mention that no such fund exists in those Districts.

Rajahmundry. 2. The Collector of Rajahmundry merely reports his intention of crediting a small sum under the head of ferry receipts to the local fund of 1856-57.

Masulipatam. 3. From Masulipatam no Report has yet been received for 1855-56.

Coimbatore. 4. The local fund's collections in Coimbatore in 1855-56 amounted only to Rupees 1,840, of which 481 were expended. The outlay of 400 on the 2 roads mentioned seems of doubtful propriety, the roads being apparently of a class beyond the scope of the fund, and the expenditure having been made it would appear to cover the insufficiency of sanctioned estimates.

Malabar. 5. In Malabar the sum credited to the local fund in 1855-56 was Rupees 31,212 which however included Rupees 1,633 the sale of clippings of Avenue trees. The latter item, as Government will learn from the report of 1856-57, has since been carried back to the account of the general revenue under instructions from the Accountant General. This arrangement however seems opposed to para. 4 of Extract Minutes Consultation 29th August 1856, in which a similar item in Tinnevelly was transferred to the local fund. The disbursements in Malabar during the year under report were Rupees 19,668.

6. The Report for 1856-57 being now under the consideration of Government, the Board do not think it necessary to dwell at length on the present one.

7. In para. 15, the Collector mentions having made an advance for a Trunk road repayable on the estimate being sanctioned by Government. From his Report of 1856-57 it would appear that this has not been repaid yet, but the Board presume the application was made through the Department Public Works, as they cannot trace it on their records.

8. The Board conclude that the Maramut writer referred to in para. 29 is required to conduct the business of this fund, and not for the general work of the Department Public Works.

Canara. 9. The receipts on account of local fund in Canara were Rupees 25,277 and the expenditure 17,420.

10. For the reasons already assigned in the case of Malabar the Board abstain from commenting on the present Report.

11. In both the Districts of Malabar and Canara the local fund has been of substantial benefit, enabling the authorities promptly to execute many valuable improvements. As it is the intention of Government to publish the Reports of 1856-57 as a number of the "Selections" from their records, the Board would suggest that the Reports for 1855-56 of the Collectors of South Arcot, Canara and Malabar, the Districts in which the advantages of these funds are most strikingly exemplified, should also be added as a supplement.

12. The Board much regret their very tardy submission of these Reports to Government.

(A true Extract.)

(Signed) J. D. SIM, *Acting Secretary.*

No. 20.

Canara Customs, No. 1051 dated 20th November 1857.

Para. 1. With your Proceedings, the Board of Revenue submit the Reports on local funds furnished by the Collectors of the six Districts named in the margin for the year 1855-56, as required in para. 12 of the Rules for the management of those funds, approved in the order of the 11th April 1853, No. 11. These Reports are in continuation of those from the Collectors of other Districts laid before Government in the Board's letter of the 16th June 1856, No. 1856, and reviewed in Extract Minutes Consultation 29th August 1856, No. 911.

Tanjore.
Trichinopoly.
Madura.
Salem.
Coimbatore.
Canara.

2. In Cuddapah and Vizagapatam no local funds exist; in Rajahmundry, a sum of Rupees 25 is collected from the Ferries of the village of Kadiamcherra, which the Collector proposes in future to credit under the head of local funds. From Masulipatam, no Report has been received.

3. The Collector of Coimbatore reports that the collections from the ferry farms in that District transferred, or carried to the credit of the local funds during 1855-56, amounted to Rupees 1,839-12-2, of this sum Rupees 81-5 were laid out for ferries and Ferry Establishments, and Rupees 400 for the repair of two roads for which the sums authorized were found insufficient, leaving Rupees 1,358-7-2 yet to the credit of the head. The Government think, with the Board, that the outlay on roads for which the sanctions have been found inadequate, was not a proper proceeding; they therefore desire that the amount be recredited to the fund, and the excess expenditure on the roads be submitted for sanction in the usual course.

From Coimbatore to Trichinopoly,	268	
From do. to the Palacaud road,	109	
		400

4. In the 34 paragraph of his letter, the Collector remarks that the local funds of his District are so small that they do not admit of any extensive works being undertaken; this is at present no doubt the case, but it does not appear to be a sufficient reason for not making use of the fund as far as it will go.

5. In Malabar, the collections within the official year amounted to 29,579 Rupees from ferries, and 1,642 Rupees from the sale of avenue clippings, total Rupees 31,212, or, including the previous year's balance, Rupees 36,598. The charges of the year amounted to Rupees 19,668, consisting principally of sums laid out in the construction of bridges across the Coodamuzow, the Beetur, and the Mungatery rivers, and of several timber bridges over canals, besides the gravelling of some principal roads, and the construction and repair of others. The balance remaining at the end of the year was Rupees 16,670. The Government do not wish to lead to injudicious outlay, but are of opinion that, for the good of the country, it is desirable that the expenditure of the Local fund should bear a greater proportion to its increase than was the case in Malabar in the year under review.

6. With reference to the Statement in para. 8 of the Board's Proceedings, the Government resolve to ascertain from the Accountant General the circumstances under which it was directed that the amount realized from the sale of avenue clippings should be credited to the general revenue.

7. In para. 7, the Board advert to para. 15 of the Collector's Report, in which he mentions having made an advance from the local fund for a Trunk road repayable on the Estimate being sanctioned. The Government consider the practice of advancing money from a special fund for purposes other than those connected with it, to be objectionable on many accounts, and would wish it to be discontinued.

Para. 7 Bd's. Pro.

8. The Board will require the Collector to report specifically the duties on which the instrument writer, referred to in para. 8 of their proceedings, is engaged.

9. In Canara the local fund is made up from the toll on ferries and carts. The collections under the former head amounted, for fuslies 1264 and 1265, to Rupees 15,087, and under the latter head for fuslies 1263-1264 and 1265 to Rupees 10,189, making a gross sum of Rupees 25,277 brought to the credit of the local fund in the official year 1855-56. The expenditure amounting to Rupees 17,420 appears to have been chiefly laid out in the construction of roads and bridges, and on general repairs. The balance in favor of the fund on the 30th April 1856 was Rupees 7,856.

Canara.

10. The Government will have in view the Board's suggestion conveyed in para. 11 when disposing of the Reports for 1856-57.

(Signed) H. FORBES,
Acting Secretary to Government.
