Fort Saint George, Revenue Consultation of 24th November 1857.

No. 38. Read the following Extract from the Proceedings of the Board of Revenue; dated 4th November 1857, No. 3764.

Read letter from the Acting Collector of Masulipatam dated 19th September 1857.*

* *In Cons. 4th November* 1857.

(Here enter No. 178.)

In his Proceedings of the 4th December last, the Chief Engineer forwarded for the Board's consideration an Extract from a letter from Lieutenant Farewell regarding certain Choultries in the Masulipatam District from Bezwadah to Hyderabad.

2. It appears that there are altogether 4 buildings. They possess no endowments, and though still substantial according to Lieutenant Farewell's description, are much out of repair, and it would require about 150 Rupees to render each of them habitable. Mr. Knox says they are only suited for the use of the lower orders of Hindoos and Mahomedans, and are not adapted to accommodate the higher classes; no person can be found to undertake the charge of two of them which appear to be in very bad condition.

3. Three persons offer to take charge of the one at Nundegamah, but of these parties one requires 68 Acres of dry land, another a "suitable money allowance," and the third 102 Acres of dry land as remuneration.

4. Two Mahomedans are willing to keep up the Choultry at Bezwadah, but one asks for 60 Rupees annually, and the other for Rupees 36 "for himself," and neither will accept land.

5. The Acting Collector proposes an endowment of 51 Acres of dry land for the Nundegam Choultry, and recommends a money allowance of 60 Rupees for that at Bezwadah.

6. The Board do not feel justified in supporting these propositions. To endow and maintain only 2 Choultries on this line of road would be of comparatively little use to Travellers. The buildings moreover are out of repair and will not accommodate all classes. Again, the Government indeed endow Choultries in convenient localities but they are desirous that their construction should be left to the public spirit and liberality of the people. In the present instances, however, large endowments are sought by persons who have incurred no outlay in this manner and whose object the Board fear is their own advantage.

7. The Board think the best plan will be to dispose of the buildings rather than allow them to go to ruin, or to endow them with the probability that the persons assuming charge of them will neglect their obligations and appropriate the endowments to their own use. The Native community attach greater importance to founding charities than perpetuating those originated by others, and it is not improbable that if sold these buildings may be purchased by persons willing to repair and maintain them, as the credit of such an act would be more appreciated by their countrymen, than if they merely accepted the trust in return for payment. If the buildings are retained by Government, it would be better to place a small Establishment in each, than entrust them to the parties who have come forward.

From Chief Engineer, 4th in Consultation 16th December 1856.
Proceedings to Masulipatam, 16th December 1856.
From Masulipatam, 3d January in Consultation 9th June 1857.
Proceedings to Masulipatam and Chief Engineer 9th June "
From Masulipatam, 19th September in Cons. 4th November "

8. Resolved that a copy of these Proceedings and the correspondence connected with the subject be submitted for the orders of Government and for the information of the Chief Engineer.

(A true Extract.)

(Signed) J. D. SIM, *Acting Secretary.*

No. 39. ORDER thereon, No. 1195; dated 21st November 1857.

Under the circumstances represented by the Board of Revenue, and agreeably to their suggestion, the Right Honorable the Governor in Council authorizes the sale of the 4 Choultries in the Masulipatam District from Bezwadah to Hydrabad, and that the sale proceeds be carried to the credit of Government.

(Signed) H. FORBES,
Acting Secretary to Government.

I have received by your communication of this day's date, the letter of the Chief Engineer, dated Boston 11th Oct. 1860, Report dated Boston 10th Oct. 1860, Estimate dated Boston 10th Oct. 1860, Chief Engineer's Letter dated Boston 11th Oct. 1860, Estimate dated Boston 11th Oct. 1860, and Plan of Boston Harbor and Islands, which you have transmitted to me, in accordance with the provisions of the Act of the Legislature, passed on the 11th day of April last, entitled "An Act to provide for the Defence of the Harbor of Boston."

I have caused a copy of the Chief Engineer's Report, and of the Estimate accompanying the same, to be printed, and herewith transmit the same to the Legislature, in accordance with the provisions of the Act.

Very respectfully,
Your obedient servant,
John A. Andrew
Governor of Massachusetts

To His Excellency
John A. Andrew
Governor of Massachusetts
